COMMERCIAL CLUB DIRECTORS MEETING

Full Attendance Friday Shows Intense Interest—No Meeting Next Friday Night.

At the regular meeting of the board of directors of the Cameron Commercial Club last Friday night a roll call showed the following officers, directors and committee chairmen present:

Robert McLane, president; C. W. Lawrence, vice president; Geo. T. Graves, treasurer; T. N. Herring, secretary.

Directors: W. W. Chambers, J. W. Coleman, W. G. Gillis, J. T. Parma, T. S. Henderson, John E. Mangum and E. A. Flinn.

Committee Chairmen: J. Garrison, Monta Thomas, T. B. Wooten, W. M. Cobb, R. A. Triggs, B. P. Atkinson, Frank Lesovsky and O. M. Smith.

Minutes of previous meetings were read and adopted.

The name of J. N. Crawford was presented for membership to the club and upon motion he was duly elected.

Under the head of reports of standing committees O. M. Smith, chairman of convention and accomodation committee suggested that Cameron have some kind of a celebration on July 4th. The matter was discussed and this committee was instructed by the president to arrange plans and submit them to the club.

Chairman Graves of the good roads committee discussed the bad condition of the Add Hall road and related to the club that his committee as well as the citizens of this and other communities in Beat 5 were having lots of trouble with Commissioner Allcorn in getting any work done on their roads. The matter was discussed generally and a motion from T. S. Henderson carried to instruct the good roads committee in conjunction with the citizenship of these communities to take the matter of getting a fair deal up with Mr. Allcorn and if same was not forthcoming then take steps further to get same.

J. W. Coleman, chairman of the Wilson Ledbetter Park Committee reported that good progress was being made towards placing a gate at the park entrance.

Frank Lesovsky, chairman of a committee to raise funds for the street sprinkler reported that the sprinkler had not arriveed and that nothing had been done towards raising the money for same.

J. C. Joseph apeared before the directirs meeting with reference to Cameron securing a government cotton classer to aid the farmers in getting a fair price for their cotton. He presented an article clipped from the Dallas News which was read by the secretary. A general discussion followed and the matter was disposed of by a motion from T. S. Henderson to have the secretary take the matter up with Hon. Walton Peteet, Director of Extension Work A. and M. College of Texas. The action taken in the motion was also to assure Mr. Peteet that the club would back the proposition to the fullest extent in a financial way.

O. M. Smith chairman of a special committee to look into the matter of renting the McCord building for the purpose of using same as a band practice room and as a home for the Commercial Club made the following report:

To the Cameron Commercial Club:

We, your committee appointed to investigate the renting of the McCord building for the use of the Cameron Band and the Cameron Commercial Club, beg leave to report:

First. We find the proposed location suitable, both as to location, ventilation and size and when improved as proposed by Mrs. McHenry, the place will make an excellent home for the Cameron Commercial Club.

The owner submitted us a proposition to rent this for the term of one or more years at $25.00 per month This rental added to the expense of lights, fuel, janitor and other incidentals, would, in the opinion of the committee, necessitate a monthly expense to the club of approximately $50.00 a month. In the opinion of your committee, it would not be advisable for the club to undertake this proposition.

Second. We have met with Mr. Crawford, the director of the new band, and, in his opinion, the band could hold its meetings to advantage at the public school building, and we recommend that the Comemrcial Club assist the band in the purchase of instruments, instead of donating a meeting place.

Respectfully,
Oxsheer Smith,
J. W. Coleman,
Thos. N. Herring,
W. O. Triggs.
Committee.

Upon motion the report was unamiously adopted.

The matter of the whereabouts of the speakers stand that formerly stood on the court house lawn was brought up and discussed. It was related by W. W. Chambers that same had been sold by City Marshal Holtzclaw and after discussion a committee was appointed to confer with Mr. Holtzclaw regarding same. The committee is Fritz Fahrendorf, chairman, Geo. T. Graves, Frank Lesovsky and J. W. Coleman.

The removal of the W. S. S. bank from the side walk at the First National Bank was discussed and the Civic Improvement Committee was instructed to act in the matter.

It was suggested that as next Friday night the Chautauqua would be in session and that the closing exercises of the Cameron High School would be held that no meeting of the club be had. A motion carried to postpone the meeting.

Under the head of good of the order, B. P. Atkinson reported that final arrangements had been made for the erection of a sweet potato curing plant, provided that a visit to one of these plants proved satisfactory.

HIGH SCHOOL PLAY SCORES SUCCESS

Miss Cherry Blossom—Japanese Operetta—Proves Enjoyable Entertainment.

One of the most decided successes of the high school activities was the little operetta, Miss Cherry Blossom, given last Friday night under the direction of Misses Brougher, Nowlin and Goddard.

The main characters and also the choruses of girls were members of the choral classes of Misses Goddard and Brougher. As the name implies, this was a Japanese play and the stage setting and costumes were characteristic of the Far East. The cherry trees the wisteria, the hanging baskets of flowers and the vine covered summer house, with the snow topped mountains in the back ground made a most pleasing picture. Then the kimona clad figures added to the beauty of the setting, and the entrance of the heroine seated in a Japanese cart, drawn by a Jap made one feel they were in the land of chrysanthmum and cherry blossoms. The cast of characters who were well chosen and well trained were as follows:

O Hara San, Miss Blossom—Owen Bacon.

O Kashi Kintara—Cecil Barmore.

Kanaya, Father of O Hara San—Leland Denson.

O Toya San, Mother of O Hara San—Esther Fielder.

O Toku San, Chief of the Maids—Madie Weaver.

Tokiaki, A Go-Between—Homan Barge.

Chorus: Maids, Geishas, Servants.

Special Dances: Japanese Geishas, Butterflies, Poppy Maids.

Besides these a chorus of Japanese maids added greatly to the scene effect and to the play. This group of about twenty girls furnished the chorus for every solo or duett. "Busy Little Maids are We," which ran through the whole scene was very catchy, and it was very pleasingly given.

Special dances by the Japanese Geishas, butterflies and poppy maids were a delight to the eye. The dancers were so gracefully, the dances so aestethic and the costuming so airy and beautiful that the three groups of young ladies entering at different times during the performance simply captiviated the audience.

DISTRICT MEETING MISSIONARY SOCIETY

All Day Session of Marlin District Held In Cameron Last Thursday.

The women of the Methodist Missionary Society of the Marlin District enjoyed an all day meeting in our city last Thursday. Quite a large crowd of out of town guests came in their cars for the day.

The meeting convened at ten o'clock and after the welcome of delegates the ladies got down to business. Mrs. C. D. Lay presided, and reports of the work and plans for the work were given and discussed. Mrs. J. L. Clinton rendered a beautiful solo at the morning meeting.

At twelve o'clock the ladies adjourned to the home of Mrs. J. T. Kemp where a sumptuous luncheon was spread and a merry social hour enjoyed.

Work began again at two and lasted until Friday. Two conference officers were present and interesting talks were made by each of these. At eight-thirty o'clock a musical program was given. The Junior girls under the direction of Miss Jessie Guffey, their leader, sang, after which Misses Maurine Messiner, Winnie Yoe and Frances Hefley, dressed to represent Democracy, Christianity and Columbia, gave a pageant, showing the importance of these three things in the world's work. Miss Jessie Guffey brought this to a beautiful ending by singing "America, the Beautiful." Mis. C. D. Lay with the flute obligato played by Mr. Crawford sang "Rock of Ages."

After this Miss Maggie Rogers of Marlin who is a missionary in Soochow, China, made a most interesting talk on the work in China. The meeting was a great success and much good was gotten by all who attended it.

Commissioners Court.

The commissioners court will meet on the 28th of this month as the board of equalization.

DYNAMITE USED ON DIPPING VAT

Maysfield Community Is Scene of Act Of Bolshevism Last Saturday Night.

Who did it and where did they get the dynamite?

This is the question Sheriff L. L. Blaylock of Milam county and the citizens of Maysfield community have been asking ever since some one blew the government tick dipping vat to destruction early Sunday morning.

Young people of Maysfield community were returning from an entertainment about 12:30 Sunday morning, heard an explosion and upon investigation found where a stick of dynamite had been inserted under the cement of the public dipping vat and its flooring sent skyward.

The vat was located near the center of the town on a piece of property owned by V. L. White.

It has been reported by Dr. J. R. Louden, who has charge of the cattle dipping in Milam county that objections had been raised by a few farmers against the enforced dipping of their cattle, and it is thought that some unscrupulous "conscientious objector" has taken advantage of the cover of darkness to engage in a little bolshevik target practice.

So far no clue has been found. The sheriff's department is busily engaged in trying to ascertain recent purchases of explosives, which might have a bearing on the case.

The fact that the vats are government property makes the offense about as serious as blowing up the postoffice.

Miss Mabel Jeter returned from a visit to friends in Waco Tuesday.

YOE HIGH SCHOOL PLANS ORDERED

Trustees Of Memorial Fund Announces Preparations For Erection Of Handsome Building.

A contract for the plans and specifications of the new C. H. Yoe Memorial High School to be erected in Cameron at a cost of $100,000.00 was let last Saturday by the trustees of the appropriated fund, namely: A. N. Green, Chairman; Dr. J. C. Reese and Dr. M. C. Sapp. The contract was let to Page Brothers of Houston and Austin, which concern has erected a number of the best high school buildings in Texas, including those at Terrell, Waxahachie and Cleburne.

The new school building that is to be erected in Cameron is to be a gift to the city from the late C. H. Yoe, and his widow, who now resides in Cameron, and the three named trustees are men selected by Mrs. Yoe to handle the funds she has made available for the erection of the building. It is the purpose of the donor to make her gift a standing memorial, plans have been ordered for the most modern and up-to-date school building for higher high school education that can be built and equipped. The new structure will be located on a large tract of land in beautiful heights in the northeastern part of the city and it is planned to make the site instead of a play ground, a beautiful park. The new building will be used only for the high school work of the Cameron Public Schools and an athletic field adjoining the school campus proper will be equipped. Mrs Yoe has planned to keep employed a landscape gardner, whose duty will be to keep the campus in the pink of condition.

Every department known to education will be cared for in the new building including domestic economy, manual training, science and a fully equipped girls gymnasium.

It is planned by the trustees of the Yoe fund to have this magnificent structure ready for occupancy for the opening of the fall term of school in 1920.

GRADUATION OF GRAMMAR GRADES

Students In Cameron School Given Certificates Entitling Them To High School Berth.

Last Monday evening the seventh grade pupils and instructors presented an exercise which is almost a novelty to this school. The pupils who have finished the grammar grades were given certificates at the presentation of a program similar to the graduation exercises of the high school pupils. The class made its beginning in school with a membership of fifty pupils and graduated with a roll of forty three. This is an excellent record and it is to be hoped that they will be as successful in high school as they were in grammar school.

The program for the evening was as follows:

Invocation—Rev. B. B. Blaylock.

Song—"The Land of Liberty"—Class.

Free Text Books—Salutatory—By Pauline Green.

Class History—Olive Henderson.

Class Orator—Bassett Watson.

Class Prophecy—Harleigh McGregor.

Presentation of Robe—Martha Lu Hooks.

The Power of Music—Valedictorian—Alice Lucille Garrison.

Boating Song—Class.

Address—Hon. T. S. Henderson.

Conferring Certificates—Supt. L. H. Kidd.

Benediction—Rev. H. R. MacFadyen

These young people delivered their essays in a most pleasing manner. They handled their subjects well and they read them in a clear cut and impressive way. Miss Martha Lu Hooks on behalf of the seventh grade gave the robe to Charlie Young the representative of the sixth grade. Both of these young people made good speeches.

After the program by the graduates, Hon. T. S. Henderson delivered the address to the class. In a few choice remarks he praised and encouraged and exhorted these children who are starting one step higher on the road to an education. Mr. Kidd, assisted by Mr. Walker, principal of the grammar school presented the certificates to the graduates. Before giving these, Mr. Kidd made a very nice little talk about the class.

CHAUTAUQUA HAS AUSPICIOUS OPENING

Large Crowd At Opening Of Sixth Annual Event Of High Class Entertainment.

The sixth annual encampment of the Cameron Chautauqua was opened in this city Tuesday afternoon under auspicious circumstances.

At 3:30 o'clock, Prof. J. N. Crawford, principal of the Cameron High School appeared on the platform and in a very impressive talk introduced Mr. H. A. Shinn, superintendent of the weeks events.

Mr. Crawford's address was not only one of welcome to the Chautauqua folks but also the outline of the good accomplished by the Chautauqua and declared that every city in the country where higher ideals were sought the summer chautauquas were held. He outlined the benefits of the chautauqua and said that it should be a period every year when everybody should turn from business affairs and enjoy the splendid entertainments furnished by the high class talent offered by the Redpath-Horner Chautauqua circuit.

Superintendent Shinn made a good snappy talk on the benefits of the chautauqua to a community and was soon into details of the weeks work before him. A general outline of the program was given and rules governing the work of the chautauqua while in our city. He urged the co-operation of the entire citizenship in making this a most enjoyable week in the city.

Miss Electra Platt and the Victory Players had charge of the afternoon's program. This attraction was entirely musical and humorous. Miss Platt herself combined these in a most pleasing way. Her readings were especially fine. Miss Jack was an artist on the flute and her accompanyment added much to the performance. Mr. Stone the other member of this company was at home with any instrument in the band it would seem. He delighted his crowd with selections on the banjo and brought down the house with the one-string fiddle made from a cigar box.

These artists also furnished the concert part of the evening's program. They fairly carried the crowd away with them in their enthusiasm and appreciation.

Ralph Parlette was the lecturer of the evening and his talk was both interesting and beneficial. It a humorous way he pictured life, and then in his serious way he emphasized the right conception or view of life.

Wednesday afternoon the St. Claire Sisters rendered a most delightful musical program. This quartette used several instruments and proved capable of managing many more. In song and in readings they produced a charming effect. Wednesday night after a concert by these young ladies, Lincoln McConnell delivered his splendid lecture on "Grouches, Their Cause and Cure."

The Chautauqua people who are spending the week in our city are:

Mr. H. A. Shinn, superintendent; Miss Gertrude Hamilton, supervisor of play grounds and children's work; G. L. Saunders, property man and ticket supervisor, Saunders is a student in the Minnesota University. L. L. Kidd has charge of the workings around the tent and is known as the crew foreman.

Miss Irma Burrellsmith of Vernon is visiting her aunt, Mrs. Geo. A. Thomas.

BACCALAUREATE SERMON SUNDAY

Rev. W. R. Hall Delivers Masterful Address To High School Graduating Class.

The Cameron High School commencement sermon was preached at the Methodist church last Sunday morning, May 25th. The church was filled to its capacity and was very appropriately decorated in ferns and flowers. Seats for the graduates, their parents, the trustees and the high school teachers were marked by the class colors, purple and gold.

The junior class lead by Miss Brougher and accompanied by Miss Goddard at the piano, and members of the Cam-Hi Orchestra, furnished the music for the occasion and they rendered most beautifully the following program:

Processional—Coronation March—from "The Prophet"—Meyerbeer—Miss Goddard.

Awakening Chorus—Gabriel— By Choir.

Hymn—Holy, Holy, Holy.—Chorus and audience.

Pilgrim's Chorus from Tannhauser—Wagner—Choir.

Hymn—Faith of Our Fathers—Choir and audience.

As Miss Goddard began the first notes of the Coronation March the Seniors in their gray caps and gowns marched in and took their places. Rev. B. B. Blaylock pronounced the invocation, after which Rev. W. G. Harbin read the scripture.

Rev. W. R. Hall of Milford, delivered the sermon and he directed his talk to the graduates in a most appealingly personal way. Every one felt as he talked that he was interested in every member of the class. His theme was the making of a life and he tried to impress his audience, and these young graduates especially with the fact that the problems was not making a living but making a life. And he urged upon them the necessity of having Christ as their Pilot. It was a soul stirring appeal, from a heart brim full of love for God and for humanity and those who heard were helped and inspired by this message.

OIL WELL ON BROOKS FARM HAS REACHED 740 FEET

A report Wednesday from President Wm. Henderson of the Cameron Oil and Refining Company is to the effect that this company's driller, J. W. Stitt, has reached a depth of 740 feet in the deep test well on the Sam Brooks farm near this city. The driller reports a most satisfactory progress and has not encountered any trouble to speak of and reports that the formation is entirely satisfactory.

This test well is being drilled less than two miles from the court house square in Cameron and if a producer is brought in, what will it mean?

MISSION TO BE HELD AT ST. MONICAS CHURCH

A mission for non-catholics will be given in St. Monica's Church beginning Sunday, June 1st, and ending on Sunday, June 8th. It will be conducted by the Rev. J. Elliott Ross, C. S. P. of Austin. The parishioners, as well as Catholics generally, are earnestly urged to spread the news of this mission among their non-Catholic friends and neighbors, and invite them to attend and hear authoritative expositions of Catholic doctrines and practices. Father Ross is a noted lecturer and writer, who has made a special study of mission work among non-Catholics.

The subject of the lectures will be as follows:

All men believe:—they differ as to what they believe.

How to determine content of faith as between Catholics and Protestants.

Points of difference:—The Eucharist.

Points of difference: Other Sacraments.

Points of difference: Purgatory and Indulgences.

Points of difference: Veneration of Mary and Saints.

Points of difference: Infallibility of the Pope.

Seventeen Years the Favorite Grocer in Cameron

WE NEED BETTER AND STILL BETTER COWS

By J. L. Thomas, Extension Dairy Husbanrman, A. & M. College of Texas.

The general impression is that the dairy cow of Texas is being gradually improved. This is bound to be true generally on the more specialized dairy farms, but there are thousands of cows on the general farms of the state with from four to ten cows to the farm where no good bulls are kept at all, and in many instances there is not a good bull in the community. In such communities cows are bred to any kind of a bull to get them to freshen again. The result of such breeding is that the productive ability of the offspring is often less than that of the old cow. This bad state of affairs is very noticeable in many of the herds in the state.

Dairymen with twenty or more cows can well afford to purchase, for use in his own herd, a good bull of the breed he is using, and by his use, make the offspring be producers of milk and butter than the old cows. A few pounds more of butterfat per year for the eight or ten years a cow is milked, makes a large total; this multiplied by the number of cows in a herd, will make a grand total that is startling. Two daughters of the same cow, one from a good bull, the other from a scrub—might easily have a difference in producing ability of from fifty to one hundred pounds per year of fat. It does not take many hundred pounds of butterfat to make the price of a good bull.

Farmers and dairymen who have too few cows to make it practical to own and keep a bull, can organize a bull association. A bull association is simply an organization of two or more farmers or dairymen to own a bull jointly. Generally this is carried still further and several such units are organized into one bull association and at the end of each two years, the bulls are moved from one unit to another, thus reducing the bull cost.

Results show that it costs less to have the use of a good bull through an association than to keep a scrub. The difference in results to be obtained has already been pointed out. For detailed information write to the extension service of the A. & M. College of Texas, College Station, Texas.

BIGGER DIVIDENDS THAN STOCK IN ON OIL GUSHER!

The banker, the merchant, the lawyer, the physician, the teacher, the minister, the farmer, all agree that every man would be better fitted for his sphere in life, were he possessed of a good Business Education.

No doubt you have often realized the truthfulness of this statement; but perhaps circumstances will not permit you to attend a Business College.

You are ambitious. You feel, keenly, the need of better preparation, but the duties of life claim the larger portion of your time. Fortunately, however, there is an opportunity which is yours. Toby's Business College, Waco, Texas, has arranged special courses in Arithmetic, English, Penmanship, Bookkeeping, Shorthand and Typewriting to be taught by mail, and a moderate amount of money, together with a few spare hours a day invested by you, will give you that knowledge which you so much desire.

A business man, Mr. W. T. Whatley of Rogers, Texas, who completed the course in Bookkeeping last fall, wrote Mr. Edward Toby a short time ago, "I am getting along fine with my bookkeeping and, as bad as I need the money, I would not take $1000.00 for what I learned through your course by mail."

This gentleman invested $36.00 in cash and the odds and ends of time which he could spare from his duties. Do you know of an investment in which the dividends are larger or more satisfactory?

Why not follow his example? Employ the time, which perhaps you are now wasting, in acquiring knowledge which you know will prove so beneficial to you.

Write, today for free description catalogue address.

TO ORGANIZE FOR BETTER PRICES

State Meeting Is Called For May 28th To Perfect Permanent Cotton Organization.

Hon. W. P. G. Harding, Governor of the Federal Reserve Board, will deliver an address at Dallas on May 28, in explanation and advocacy of the proposed Cotton Export Corporation to facilitate the movement and sail of cotton abroad, with the expected result of better and more stable prices for the South's great product.

It seems to be certain that some such agency and organization must be created if the South is to prosper and secure fair prices and an orderly and free movement of the cotton crop now on hand, and that soon to be gathered. We have therefore concluded that it was in every way both desirable and indeed necessary to give this matter serious attention.

To enable our people to act intelligently, and after thorough discussion, we have therefore concluded to call, and do hereby call a meeting of the farmers, business men and bankers of this State to convene at Dallas on May 28 on the occasion of Governor Harding's address to consider, and if deemed advisable, perfect an organization to do our part in the establishment of a Cotton Export Corporation.

W. P. Hobby, Governor of Texas.

R. L. VanZandt, Gov. Federal Reserve Bank of Dallas.

Geo. Waverly Briggs, Commissioner Insurance and Banking.

Fred S. Davis, Commissioner of Agriculture.

R. H. Stewart, President Dallas Clearing House Association.

W. F. Ramsey, Federal Reserve Agent.

LEGAL HOLIDAY TOMORROW NATIONAL DECORATION DAY

Better come down town this afternoon and attend to your business at the post office if you have any for they will be closed tomorrow, Friday May 30th. This is National Decoration Day and a legal holiday. "There will be nothing doing with Uncle Sam at the stamp window" says our big, jolly post master, Uncle Jeff Kemp. There will be no city delivery of mails and there will be no delivery of mails on the rural routes. Everybody will have a holiday that's employed by the government, and a few others.

Senior Activities.

The Senior girls enjoyed a banquet at the U. S. A. Cafe last Tuesday night. Three courses were served, and the table was very pretty in its decorations of sweet peas. The place cards were dainty flower maidens. Miss Harriet Henderson was toastmistress and she introduced the toasts as follows:

The Little Pink Bow—Miss Juanita Caldwell.

The Red Bow—Miss Elise Horstmann.

The Beau—Miss Esther Fielder.

The Beau Nots—Miss Louis Green.

The Rainbow—Miss Ruth Goddard.

After the dinner the party attended the Chautauqua where they met the senior boys and from there they went to Jim Coleman's where games and music were enjoyed. During the evening Mrs. Coleman served yellow and white brick cream and cake.

Rest Room For Visitors.

The ladies of the Civic League have secured for the convenience and use of the out of town visitors to the Chautauqua a rest room. This room is at the residence of Mrs. Dave Smith just across from the park pavillion.

Don't try to argue with Benjamin Franklin. He said: "Beware of small expenses; a small leak will sink a great ship." Just buy another W. S. S.

AMENDMENT ELECTION RETURNS IN MILAM COUNTY

From the accompanying tabulated report received from County Clerk Will T. Yates Wednesday afternoon, it will be seen that the prohibition amendment was the only one of the four amendments that carried in Milam county last Saturday:

For Prohibition	1772
Against Prohibition	1336
For Suffrage	1428
Against Suffrage	1686
Increasing Governor's Salary	925
Against Increasing Gov. Salary	2133
For Home Owner's Law	1240
Against Home Owners Lay	1804

Of the 46 boxes in the county, all but two—Milano and Ellison Ridge—have reported. No election was held at Salem and Kolb.

Christian Church.

Meet me at the Christian church Sunday morning at ten o'clock as this is the hour for our Bible study. If you are a member of the church or Sunday school make your arrangements to come. Don't you think its awful to be a slacker in the church of God? We need your presence and prayers. Preaching at regular hours. Visitors always welcome.

R. E. Roberts, Pastor.

The Priscillas With Mrs. Mangum.

The Priscillas met with Mrs. John Mangum last Thursday for their afternoon of sewing and chatting and quite a pleasant time was spent.

The house was beautifully decorated with different hued sweet peas, while ferns were used effectively. During the afternoon the guests were refreshed with the following salad course:

Chicken Salad
Tomatoes
Pickles
Sandwiches and Ice Tea

The plate favors were beautiful cape jessamines. Besides the Priscillas, Mesdames R. C. Knipp and Julian Baskin enjoyed Mrs. Mangum's hospitality.

Mr. Charlie Butts and daughters, Misses Eva and Susie of Maysfield were Cameron visitors Wednesday.

Miss Juanita Stafford returned this week from her school in Lyons.

W. B. Shelton of College Station was in the city last Sunday.

After the Rains

You will need more Cultivators. We have a few John Deere Riding Cultivators at $65.00.

CAMERON OIL & REFINING COMPANY

Weekly Bulletin

Our test well just out of the city on the Sam Brooks farm is progressing in a satisfactory manner. Our driller, Mr. Stitt, reports the well at 740 feet in depth and the drill passing through semi-hard sandy shales that are becoming more and more impregnated with coarse grained sand, which is a good indication that as the drill proceeds downward, it is expected that the sands will become coarse enough to carry oil.

Sales of stock in our company have been up to our expectations since our first announcement, and we wish to keep before the people of Milam county the fact that the purchase of shares with us is well justified by our plan of operations. We have a large acreage to which we are adding more and more select leases each week in which you as a shareholder, will participate as our operations progress. We are laying the foundation for a real Milam county enterprise that you will be proud to have been affiliated with.

There are some phases which at this time can not be gone into publicity, but rest assured that when the news comes out you will find it of added interest to our previously announced holdings and operations.

Our stock is a good buy for you—it is a home company operated by home people, they have been practical in laying the foundation for the success of their organization by getting practical men around them to engineer the work in the field. That work is more important than the money that it takes to execute the work and includes good practical drillers and our field development engineer who looks after selecting of leases on which we will drill in the future. We are doing everything from an engineering standpoint, except we can only ask you to come in and help with the financial phase over which only the people of Milam county at this time have control.

We do not anticipate that our stock will be on the market long at the price for which it is now offered to the public. Our assets are increasing faster than our liabilities and we expect to soon have some startling things to tell the people of Milam county but we want you to help us to make possible the result we will later announce to you. In the purchase of stock with us you must bear in mind that we are building for solid business and not to quit the first dry hole we get, but to manage our business on the same plan as the big oil companies and employ the same conservative methods as they employ. Send in your reservation today and be in with us when the news comes out that the well on the Sam Brooks farm has struck oil.

We have no sales agents to call on you, so we will be glad to have you call at our office and have us explain our proposition to you.

CAMERON OIL & REFINING CO.

By Wm. HENDERSON, President.

Pioneer of Milam Passes Away.

Last Thursday night at 9 o'clock at the residence of her daughter, Mrs. T. A. Pope, occurred the death of Mrs. Susan C. McCown, one of Cameron's oldest and most respected citizens.

Mrs. McCown was born in Lincoln county, Mo., October 5, 1835. With her father and mother, Mr. and Mrs. J. J. Turnham she moved to Texas in 1840 and in the fall of tha they moved to the old McCown place just across the river from Cameron. In 1854 she was married to Mr. J. W. McCown and to this union ten children were born. Mr. McCown died many years ago and seven of the children preceded their mother in death, two of them, Mrs. T. J. Sampson and Robert McCown dying last year. Mrs. McCown is survived by two daughters, Mesdames T. A. Pope of Cameron and Vaney Reed of Holland and one son, S. R. McCown of this city.

Funeral services were conducted from the residence of Dr. T. A. Pope by Rev. R. E. Roberts, pastor of the Christian Church of which Mrs. McCown had been a member for many years. Many beautiful floral offerings were sent to testify the love and esteem in which this good woman was held by the people.

This death marks the passing of one who helped to make Milam county. Mrs McCown was a pioneer citizen and at her death she was perhaps the longest resident citizen of the county. For she came in the Indian days and had many experiences with the red men.

Besides her three children who survive her, Mrs. McCown had 21 grand children and 12 great grand children.

Social Meeting of the Ladies of the Presbyterian Church.

At the home of Mrs. R. D. Brown last Monday afternoon Mesdames Brown, MacFadyen and Jim Watson were hostesses for the women of the Presbyterian Church.

Quite a merry crowd of women came and the first part of the afternoon's entertainment was music on the Edison. Just before the giving of the selections which were religious hymns, different ladies told the history of the writing of the songs.

After this the floral contest was enjoyed and them the ladies matched the names of Bible characters for a season of conversation and refreshments which consisted of delicious cream and cake.

FOR SALE—Carnes Hotel. See T. C. Stafford. 4-2t-6-p

EXCEPTIONAL CAST IN "THE ONE WOMAN"

One of the features of "The One Woman," which Select Pictures will present at the Wonderland Theater on Tuesday, June 3rd, is the all-star cast. Every one of the persons in the cast of the picture has at one time been starred or featured with his or her own company. The story, adapted from the novel, "The One Woman" by Thomas Dixon, author of the "Birth of a Nation," will be presented upon the screen with the most exceptional cast of players, including the well-known English actor, W. Lawson Butt who will be seen in the role of Gordon; Adda Gleason, who will be remembered for her sterling interpretation of the role of "Ramona" when presented upon the screen about a year ago, as Ruth Gordon; Clara Williams and Herschel Mayall, who did so much as heroine and villain, respectfully, to make "Carmen of the Klondike" the success it proved to be, as Kate Ransom and Overman; Joseph J. Dowling as Van Meter; together with Mary Jane Irving and Ben Alexander portraying the sympathetic roles of the children.

Admission, Children 15 cents, Adults 25 cents.

Thad Epperson Honor Guest at Dinner

In honor of Thad Epperson who is at home on leave from his ship at Norfolk, Virginia, Walter Thomas gave an eight o'clock dinner at the home of his mother, Mrs. Geo. A. Thomas last Monday evening.

Twelve young men were the guests of the occasion. Since most of these young men had been connected with the army, the inspiration for the table decorations were gotten from this fact. Red, white and blue were the chosen colors and the center piece was formed of several U. S. flags. Bowls of blue larkspur on which were perched red birds were also used effectively on the table. The place cards also featured the colors.

An elegant five course repast was served in the midst of all this loveliness to the following young men: Messrs Thad Epperson, John Henderson, Price Cross, Lawless Green, John Burns, Mike Coleman, Oscar Schiller Fred McGhee Paul Whitely, Ben Baskin, Geo. Childress and Walter Thomas.

During the dinner a toast was proposed to the guest of honor by Lawless Green, to which Thad responded in a most clever manner.

Resolutions.

To the Officers and Members of Cameron Lodge N. 56, I. O. O. F., Cameron, Texas.

We, your committee appointed to drafe resolutions in memory of our deceased Brother, Clyde L. Lewis, beg to submit the following:

Once again death has summoned a brother Odd Fellow, and the golden gateway to the Eternal City has opened to welcome him to his home. He has completed his work in the ministering to the wants of the afflicted, in shedding light into darkened souls and in bringing joy into the places of misery, and as his reward has received the plaudits "well done" from the Supreme Master. And

Whereas, the All wise and merciful Master of the universe has called our beloved and respected brother home, and he having been a true and faithful member of our beloved order, therefore, be it

Resolved, that Cameron Lodge No. 56, I. O. O. F. of Cameron, in testimony of her loss, be draped in mourning for thirty days and that we tender to the family of our deceased brother our sincere condolence in their deep affliction, and that a copy of these resolutions be sent to the family, a copy furnished one of the Cameron papers for publication, and a copy spread upon the minutes of the Lodge.

Will T. Yates,
W. T. Mowdy,
Roy Law,
Committee.

Presbyterian Church.

The Woman's Auxiliary had their first social meeting for the years on Monday afternoon. It was fine. Mrs. Jas. Watson was hostess.

The Sunday School has been especially encouraging the past few Sundays. Some class changes are being made, and we are expecting every day a new piano which will add much to our music. Sunday the usual service at 11 and 8:30. An interesting feature of the morning service will be the congratulation and greeting of the session and church to the boys and girls of the congregation who have graduated this year.

H. R. MacFadyen, Minister.

HAVE YOU BOUGHT ? YOUR ? THRIFT STAMP TODAY?

SAVE AND SUCCEED!

Being honest with everybody is costly but the paying method in the end.

Automobiles are not as expensive as airplanes, but who wants an airplane?

What is fame—can you tell who the French Premier was before Clemenceau?

Buying by price is a poor policy; quality comes first in all wise purchases.

The better the streets of the town the better temper the people will have in wet weather.

The trans-Atlantic aviators took their lives in their hands, and every one deserves complete success.

Chickens are a great gamble. It you don't believe it, try it out with a hundred baby chicks as a starter.

The world may be a lot better after this war but don't forget that there will be others.

We know a lot of people who expect good roads to grow in front of their places during the night.

The prohibition people call attention to the fact that 100,000,000 people live in the forty-five states which have ratified national prohibition.

By a vote of eight to one 130,000 telephone and telegraph operators have voted for a nation-wide strike which will tie up all communication.

Foch has been sent to the Rhine, ready for further measures if the Germans do not sign. But, they will sign—Ludendorf made that certain when he insisted upon an armistice in November.

A man in this county recently returned an "half acre" for taxation valued at $20. Investigation showed it was a town lot, and cost over $3,000. Tax-dodgers will get their's at the end of the world!

One Way To Help This Town.

You have never, in your life, seen a good town built up around a poor newspaper; the community that goes ahead is the one whose newspapers are ahead of the town, advertising an making a good impression for it abroad.

What our citizens think of their own city is of little consequence to a resident fifty miles away who is planning a change. He is influenced by what people out of the town say, These people are influenced largely by the newspapers they see coming from the town.

Boosting your home newspaper, helping it along will in many respects help the town. Every newspaper is an advertisement, and the boosts that it publishes about its home are just as effective as its strength among outsiders. Help it to grow.

"FLOWERS FOR THE LIVING"

The management of the Herald is glad to announce this week the addition to Mr. Russell Bonser to our force. Mr. Bonser comes to Cameron from his home in Comanche where he has spent a number of years in the printing business doing a general line of work. He will be connected with the job end of The Herald and his expert knowledge of the job art makes a valuable addition to our present efficient head man, R. E. Higgins, in this department, who is an artist in his work which he follows from choice and not by accident.

Mr. Bonser was accompanied to Cameron by his wife and they have come to make this city their home. For the present they have rooms at Mrs. Harvey Gandy's and are boarding at the Rookery.

The Herald joins in extending a hearty welcome to these new people and bespeak a long and pleasant stay. —Cameron Herald.

Mr. Bonser used to put the pep in the Comanche Vanguard and established a fame co-incident with that of L. B. Russell whose lurid remarks would light up the twilight sky. He has pitched his coin in a good camp when he gets going with the Cameron Herald.—Andrew McBeth in Temple Telegram.

Our townsman, Ben Loewenstein, Jr., went to Taylor Tuesday to attend the two day session of the convention of Retail Merchants Association of Texas. Mr. Loewenstein was on the program for an address Wednesday, the subject assigned him being, "Successful Advertising in Small Cities and Towns." Through his recent series of advertisements in which he "mixed it" with the mail order houses, Mr. Loewenstein has gained considerable fame over Texas as an ad writer and as a successful advertiser. Knowing his as we do, the editor is convinced that Mr. Loewenstein's address was both timely and interesting.—Rockdale Reporter.

It is the man who gets his schooling in the business of making money who feels like he has the hope that cannot be upset and Mr. Loewenstein has done what many another man might do if he cared to win a game that way—he has advertised in the local newspaper and made his ads as interesting as the love letters of a rookie to Mabel.—Andrew McBeth in Temple Telegram.

DUNCAN DOTS

Last week was a fine week for working, until Saturday morning when we had one of the hardest rains we have had this spring. Although we had rather see too much rain than not enough.

Mr. and Mrs. Jim Bartlett took their little son, Alva Lee, to the Temple sanitarium for treatment last week. He is doing nicely and will be able to come home in about three weeks.

Miss Willie Modesette has returned home from Bartlett where she attended school the past term.

Charlie Seaton has returned home from Tyler where he has been taking a business course.

The little daughter and son of Mr. and Mrs. Jessie Bartlett have been quite sick for the past week.

Hicks Garner took cotton to Cameron Monday.

Mr. and Mrs. Seaton gave a party Saturday night. Every one spent a pleasant evening.

Mr. and Mrs. Hicks Garner gave a singing Sunday night.

Mr. and Mrs. Ray Jenness were in Cameron last Tuesday.

Mr. and Mrs. Groffney Cravey and family of Rockdale are visiting Mrs. Dolph Dunham this week.

Little Dora Williams is visiting Edna Dunham this week.

Jack Dunham was in Rockdale Monday.

WANTED—To sell or trade five passenger Buick for Ford touring car. W. H. Ledbetter, Cameron. 4-itp

WHY NOT A NEWS ITEM?

"The dipping vat in the Maysfield community for ridding cattle of the Texas fever tick was dynamited and destroyed Sunday morning," says the Cameron dispatch in yesterday morning's Central Press News. Whatever may be the merits of the controversy thus exposed it made a news item, there is no doubt of that. A whole lot of persons hold to different ideas and opinions of a news item and there is room for argument, but the idea of this department of the Telegram is that a news item is a report of things that people talk about. One can very well imagine that the people talk about the dynamiting of that dipping vat. Perhaps it would be better for a newspaper to report the news concerning developments and not say much about that dipping vat, because there may be two sides to the discussion evidently going on down there and the newspaper would not gain anything by taking one side, whichever side that was because the newspaper would not know anything about how it all came up and sometimes things come up in a way that is not at all like it seems like it is on the surface and the man who dips an oar into the troubled waters gets the oar broken off and dosen't help anybody either You have seen it that way, haven't you? So, you see how it is. It was just a news item and nothing for a newspaper to talk about unless the newspaper knew the circumstances which no newspaper knows. So that is the reason why it is believed to be advisable not to comment upon the dynamiting of that dipping vat except to say that it was a news item and a newspaper certainly is bound to publish news items. Perhaps whoever did the dynamiting wanted the news published. Let us trust that he did for that is what happened. While on this subject it is with pleasure that we note one community which says the cattle are getting fat while being dipped for the eradication of the cattle tick. Perhaps conditions are better in that community than they are in other communities. There might be something in the weather there and the effect on cattle that are dipped. That ought to be a good cattle country and the people ought to get rich on the easy money made in raising cattle, which grows at night while they sleep.—Andrew McBeth in Temple Telegram.

SAN GABRIEL GOSSIP

May 27th—Very heavy rains have fallen throughout Milam county this past week. In some vicinities the crops were badly washed and flooded but in our immediate neighborhood, we escaped with ordinary rains, both Saturday and Monday. But we feel now that we have plenty for several weeks and if 'twas left to the poor judgment of man, we'd ask for warm dry days for a while.

Most of the oatfields have been mowed and lie garnished today with the numerous shocks of the heavy and most bountiful harvest. Farm work is on a standstill for yet a few days since the rain of yesterday.

Mr. Wagner of Abiline has been a guest of friends in our village the past week-end.

Messrs Henry and Paul Graves of Lilac motored thru our hamlet Sunday.

Mr. and Mrs. Gus Newton and daughter, Miss Helen, of Thorndale, were outing in our community Sunday.

Lanham Clark has been on the sick list the past few days.

Dr. Kirkpatrick and family were thru here from Thrall Sunday.

F. M. Amason and wife spent the Sabbath with their daughter, Mrs. Bert Elliott in Thorndale.

In angling among the finny tribe in the San Gabriel river near the village Friday morning Mr. Tamp Johnson's hook tempted and procured for him a prize among the fish, it weighing 16 lbs., which was a beauty to behold.

Messrs Nowlin and Woods of Florence were business callers in San Gabriel last Thursday.

Mr. Grabine of Rockdale was a business visitor here Thursday.

Mrs. Maud Adams invited a host of little boys and girls to meet at her home last Saturday afternoon to help celebrate the birthdays of her son, Preston, thirteen years of age, and Miss Thelma Clark who is also thirteen. Quite a delightful afternoon was spent in music and various games and the most delicious cake and lemonade served by the hostess. Numbers of pretty gifts to each explained the friendship held by those attending.

John Applin of Lilac was shaking hands with friends here Thursday.

Mrs. Nettie Moseley left last Monday for San Antonio.

Rev. R. E. Roberts of Cameron filled his appointment at the Christian Church in San Gabriel Sunday.

Mrs. Zelma Phipps was trading in Thorndale Wednesday.

Miss Pearl Davis returned from Lilac this week where she has been for several days visiting her sister, Mrs. W. G. Cummings.

Miss Nettie Jocelyn is here from Orange visiting relatives. Since her arrival here her parents have moved to Aransas Pass.

Little Miss Florence Elliott of Thorndale spent the past week-end here with her grand parents, Mr. and Mrs. F. M. Amason.

The three little daughters of Dr. Lee of Thorndale were guests in the home of Malcolm Gilchrist and attended Sunday school in our village last Sunday.

We are glad to hold our head up and acknowledge the fact that San Gabriel and Ellison Ridge voting precincts contain enough real men to vote both boxes "dry" last Saturday.

J. W. Davis and family went to Thorndale Monday.

Mr. and Mrs. Joe Stigall were guests of Mr. and Mrs. Glenn Hutson in Thorndale Sunday afternoon.

A new baby makes happy the home of Mr. and Mrs. Bud Locklin this week.

The Quinine That Does Not Affect The Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E.W. GROVE'S signature on box. 30c.

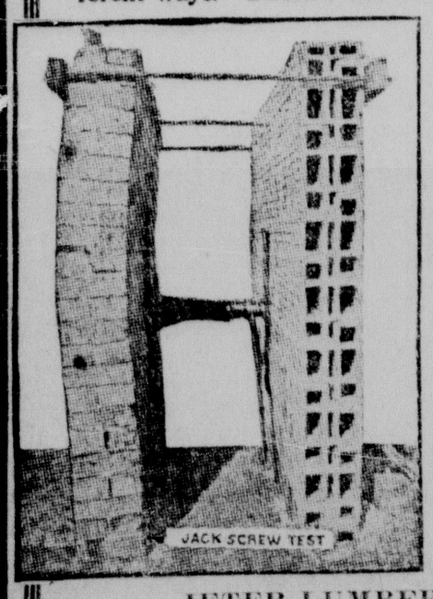

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, tetter, etc.—Adv. 18

Which Is the Safer Wall?

The brick wall cracked and gave way, while the wall of Interlocking Tile, built of the same thickness, at the same time, in the same manner, and with the same mortar, stood firm and straight.

INTERLOCKING TILE

has proven its superiority many times and in many different ways. Doesn't this actual test (in which the two walls were fastened together with steel rods, and the pressure of a powerful jack exerted equally between them until the brick wall broke down), indicate that Interlocking Tile is the material YOU should select for the Business Block, Factory, Garage or Home YOU intend building?

Interlocking Tile is durable as well as strong. It builds Fire-Proof, Damp-Proof, Temperature-Proof buildings and is inexpensive—to buy and to build with. May we tell you more about it?

Notice of Election in South Elm School District No. 58.

STATE OF TEXAS,
COUNTY OF MILAM.

Notice is hereby given that an election will be held on the 7th day of June, A. D. 1919, at South Elm school house in Common School District No. 58 of this county as established by an act of the 36th legislature of date the ..... day of March, 1919, which is recorded in Book No. 1, Page No. 57, of the book designated "Record of School District," (a) to determine whether a majority of the legally qualified property tax paying voters of that district desire the issuance of bonds on the faith and credit of said Common School District in the amount of $3,500, the bonds to be of the denomination of $100.00 each, numbered consecutively from one to twenty both inclusive, payable twenty years from their date, (b)and bearing five per cent interest per annum, payable annually on April 10th of each year to provide funds to be expended in payment of accounts legally contracted in (c) constructing and equiping a public free school building of wood material and purchasing a site therefor within said district, and to determine whether the Commissioners' Court of this county shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

All persons who are legally qualified voters of this state and county and who are resident property tax payers in said district shall be entitled to vote at said election.

Said election was ordered by the County Judge of this county by order made on the 14th day of May, 1919, and this notice is given in pursuance of said order.

Dated the 14th day of May, A. D. 1919.

Sheriff's Notice of Tax Election In South Elm School District No. 58.

STATE OF TEXAS,
COUNTY OF MILAM.

Notice is hereby given that an election will be held on the 7th day of June A. D. 1919, at South Elm school house (white) in Common School District No. 58, of this county as established by an act of the 36th legislature of date the ..... day of March, A. D. 1919, which is recorded in Book No. 1, Page No. 58 of the "Record of School Districts of Milam County, Texas" to determine whether or not a majority of the legally qualified property tax paying voters of that district desire to increase the rate of taxation levied in said district for school purposes to a rate of not exceeding 50 cents on the $100 valuation of taxable property in said district.

J. W. Price was appointed judge of said election and he shall select two judges and two clerks to assist him in holding the same.

All persons who are legally qualified voters of this state and county and who are resident property tax payers in said district shall be entitled to vote at said election.

Said election was ordered by the County Judge by order made on the 14th day of May, A. D. 1919, and this notice is given in pursuance of said order.

Dated the 14th day of May, A. D. 1919.

Grove's Tasteless chill Tonic

Destroys the malarial germs which are transmitted to the blood by the Malaria Mosquito. Price 60c

SAN GABRIEL GOSSIP

(Delayed from Last Week)

May 20th.—For the past several weeks rains have paralyzed business in this part of Texas. But our community has suffered less than some others, as no storms have appeared with their devastating and destructive power. Workers sit idle to their prinnipal vocation, but if we'll recall that our seasons are sent by an Allwise and that the rains are giving us the seasoning that insures the best crops imaginable, we can persuade ourselves to be optimistic.

The pessimism which the rain has brought upon us can be dissipated under the tutorage of a cheering sun for which just one day of fair weather there's a lessening of the tension and at once traces are seen of things soon to become normal again.

Mr. and Mrs Olyn Moseley of Thorndale were with their parents, Mr. and Mrs. Bill Jones a few hours Sunday.

Bert Elliott and family motored over from Thorndale for a brief visit in the the home of their parents, Mr. and Mrs. F. M. Amason in our village Sunday.

Miss Mary Camp was at home from the State University for a few days this week.

Bill Griffith returned Friday from France. He was in the Rainbow Division and did valiant service while overseas. Greetings from friends were accepted at a dining in the home of his parents Sunday.

Will Maddox and wife were trading in Thorndale Wednesday.

Walter Felton spent Friday in Taylor and while there repaired his car with a new top.

Mr. Ed Kirkman has had the misfortune to lose four head of cattle with black leg the past week. Since then he has had his herd vaccinated against this disease.

Mrs. Jesse Moore gathered into her home a number of intimate friends to enjoy the luxurious dinner that had been prepared surprisingly, in honor of the birthday of her eldest daughter, Mrs. Fred Stigall, last Sunday.

Messrs Tom Felton, Sr., Geneathe Felton returned Monday from a few days stay in Temple and Bartlett.

Messrs Ernest Dunnington and Hunter Duncan with young lady friends motored thru our village from Rockdale Sunday afternoon.

Mr. Jackson of Taylor was doing business in this vicinity Monday.

Baby Walter Felton has been listed with the community sick for a few days.

Rev. M. A. Darby of Thorndale filled his appointment at the San Gabriel Baptist church here Saturday evening and Sunday.

Mr. and Mrs. Wiley Sanders and children were thru our berg from Thorndale Sunday.

Dell McNiel and family of Rockdale spent awhile with relatives here Sunday afternoon.

Misses Lola and Ruth Kirkman were shopping in Thorndale Saturday.

The list of returned soldier boys was increased another member by the arrival home of James Clark, Jr., from France last Saturday. Jamie has always been an interesting talker and just now he is treating his village friends with his descriptions and answers to a chain of questions we've had [illegible]er minds to know.

J. R. Foster and wife of Rockdale were Sabbath guests in the home of J. S. Woodys and family.

Mrs. Nettie Moseley left Monday [illegible]or a visit to friends in San Anton[illegible]

Dr. Roepke was out from Thorndale Monday.

Mr. and Mrs. Elmer Ou[illegible] were in the Tracy community Sunday afternoon.

Messrs J. D. Griffith and John Morris were visitors in Austin and San Antonio last week.

W. S. Glasscock and wife returned from Marlin last week.

John Worley went to Salty Monday.

John Woody attended business in Thrall Thursday.

Messrs Elbert Felton and Elmer Outlaw were visitors to Cameron one day last week.

Mrs. Edna Felton and little daughter, Augusta, were in Union Ridge community Thursday.

TROUBLES COST HIM A FORTUNE

Texas Farmer Suffered For Fifteen Years—Is Relieved by Tanlac.

"A few bottles of Tanlac have done me more good than other medicines and treatments that cost me a small fortune," said C. C. Fisher, a prosperous farmer living at Irving, Route 1, a few miles from Dallas, Texas.

"For fifteen years," he continued, "I suffered so terribly from stomach trouble that I thought I could never get well. Everything I would eat went back on me and I would belch up my food so sour that it would nearly strangle me, the gas on my stomach would press on my heart so as to cause it to flutter and I would have the hardest time getting my breath. I was really in such awful condition that I felt like I had about got to the end of my row.

"But I feel now like I am good for many years yet, for Tanlac has fixed me up so I can eat everything without any bad after effects and since gas has stopped forming in my stomach I am not troubled with palpitations or shortness of breath. I have gained six pounds already and am working hard on my farm every day now and am glad to recommend Tanlac for the wonderful way it helped me."

Tanlac is sold in Cameron by all the leading druggists.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, tetter, etc.—Adv. 18

Hundreds of Thousands of WEBSTER'S NEW INTERNATIONAL

For Weak Women

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

TAKE CARDUI

The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help.

"I was taken sick, seemed to be . . . ," writes Mrs. Mary E. Veste, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around. . . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when rundown. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

Catarrh for Twenty Years PERUNA

Mrs. M. S. Davis, 1607 10th Ave., N. Nashville, Tenn., writes:

"After having been a constant sufferer from **catarrh for more than twenty years** and after trying almost every remedy advertised, and having lost all hope, I very reluctantly began the use of Peruna about two years ago. Everybody says **I look younger now than I did twenty years ago**, and I actually feel younger and better, and weigh more. I am recommending it to my neighbors and all with whom I come in contact."

YARRELTON VOTES FOR GOOD ROADS

$50,000.00 Bond Issue Carried Last Saturday By Overwhelming Majority.

To the tune of more than 6 to 1 was the hymn sung at the ballot box in the Yarrelton road district last Saturday. The vote was 25 for good roads with only four against. This means that the enterprising citizens as well as the four not quite so enterprizing, will have a good road to market their products in Cameron, or as for that matter, anywhere they want to market them.

The road that will be built by this bond issue will be as follows:

Beginning at Wakaty and running to Yarrelton and from there to the Belton Crossing. From Yarrelton to the Marak road district line on the Waco crossing road. This will connect with the North Elm and Marak good road district, which have already voted bond issues and will connect with the good roads that lead into Cameron.

COM. BUTTS IS DOING FINE WORK

Found On The Job At All Times And Is Expending Money Where It's Needed.

Commissioner N. H. Butts of the Cameron precinct is placing himself in a position to receive the thanks of every voter in the precinct. He is continuously on his job and looking out for a place to spend the people money where it is most needed. His attention to the county's business is all that it should be and he is alert to everything that will benefit the public.

Under his direct supervision a force has been at work the past two weeks on the pike road leading east to the McCown bridge. This road is being resurfaced and put in first class condition.

CONCRETE ROAD TO BE REPAIRED

Stretch Of Bad Concrete Through Little River Bottom Will Have Attention.

The Commissioners Court of Milam county will call for bids this week for the repairing of the long stretch of concrete work on the Cameron-Tracy road which runs through little river bottom. This piece of work lies between Cameron and the Holtzclaw Bridge and is badly in need of repair. This work will be under the supervision of the county engineer, Mr. A. S. Mitchell.

SMITH COUNTY VOTES MILLION AND HALF IN ROAD BONDS

Tyler, Texas, May 24.—Smith county voted five to one today for the road bond issue of $1,500,000. Rain kept hundreds away from the polls. Only a few boxes have not reported and they will not change the result..

No battery has yet been offered to the American public which will give such large returns in the way of capacity, efficiency and long life to the owner who takes good care of it as the Still Better Willard. 4

MUD DOSEN'T STOP THE LITTLE FORDS SON

Despite the mud and rain the Fordson tractor owners around Cameron are running their binders day and night in an effort to save the bumper at crop.

Chambers-Hefley Motor Company report a big demand for tires and tubes since the big drop in prices.

WILL WIDEN ROAD FOR HIGHWAY

Committee Engaged Securing Agreement In Port Sullivan and Branchville Districts.

The Branchville and Port Sullivan good roads committee is engaged this week securing an agreement from the various land owners in that district that they will remove their fences a sufficient distance back to make a fifty foot road through this section. The State Highway Commission demands that a road of this width be furnished before they will allow money appropriated to be spent on same. The committee reports that no difficulty is being experienced and that the signature of every land owner will be secured.

This road is the designated connecting highway between the Temple-Austin and Waco-Houston State roads and an appropriation in that section of $20,000 has been granted.

RAINS DAMAGE THE ADD HALL ROAD

The recent heavy rains have done considerable damage to the Add Hall pike, but it is reported that same will be repaired as soon as possible and put in first class shape.

FLORIDA TO COLORADO HIGHWAY

The following communication has been handed the Herald for publication which is of much interest to Milam county as this highway will run parallel with the Santa Fe through the county:

Hon. W. G. Gillis,

Cameron, Texas.

Dear Sir:

At the recent Good Roads Convention held at Mineral Wells, an organization was formed with the object of developing a highway from Florida to Colorado, taking in Houston, Brownwool, and Amarillo, the route of the Santa Fe Railroad from Houston being tentatively adopted. A meeting has been called for June 9th, at Brownwood, to ratify this action, and we have pleasure in extending you a cordial invitation to be with us on this occasion to support the points along the Santa Fe route in having the highway designated along the lines suggested.

It is very possible that strong competition may develop for inclusion in this highway of many important points east and west of the Santa Fe Railroad, and it is of the utmost importance that a strong delegation from your county be present at Brownwood on June 9th to support the plan of the originators of this highway.

We would urge that every effort be made to awaken interest in the project in your local newspapers, and that we be advised at the earliest possible moment of the number of delegates we may expect to be present from Milam county, so that adequate preparation may be made for their entertainment while in Brownwood.

We desire to urge the necessity of strong representation at this convention from every point along the route tentatively adopted, so that it may be confirmed, and a splendid highway be designated through Central Texas to connect the great summer and winter resort sections of the west, with resultant benefit to every point along the route at every season of the year.

Remember the date—June 9th, at Brownwood, the Convention City of Central Texas.

Yours very truly,

The Chamber of Commerce,

J. W. Dunn, Secretary.

Business Is Good And Getting Better

Every time we sell

A FORD CAR
A FORD TRUCK
A FORDSON TRACTOR

Or any other FORD PRODUCT our opportunity to sell more increases. The use of FORD PRODUCTS is their best advertisement. FORD PRODUCTS are no experiment. We do not have to apologize for their failure or inefficiency. They are a success and are as efficient as can be built. Their price is a joke compared with others not as efficient. Our advice to you is BUY FORD PRODUCTS.

GENUINE FORD PARTS FOR ALL FORD PRODUCTS Is Our Slogan. The Ford Service Department has devised and put into operation a plan by which the parts and service can be had everywhere, but we have and maintain the most up to date and efficient FORD SERVICE STATION to be found anywhere. We have it manned by mechanics who know their business and take pride in it. We are prepared for and solicit your patronage.

We also keep at all times a full stock of AUTO ACCESSORIES which are sold at "Live and Let Live prices." If you are in need of anything in this line, we guarantee you prompt and courteous treatment.

If it is Batteries that is your trouble, we want to say that if you want the best battery made, we have it—THE EXIDE—the battery that is used more extensively, and more satisfactorily than any other (and by the way) is used in the NEW LIBERTY STARTER, with which the FORD CARS are to be equipped.

Our EXIDE BATTERY SERVICE STATION is complete in every respect and manned by a battery expert who will give your battery, no matter what make, his most careful attention.

We thank you for your time and attention to above.

Chambers-Hefley Motor Co.

ESSEX PROVES MERIT AVERAGING 23 MILES TO GALLON IN TEST

"The Essex" which has been creating so much comment in automobile circles recently, has added another achievement to its record by averaging 23 miles to the gallon of gasoline in a 115 miles test in San Francisco," according to an official of the company.

"This performance is all the more notable because of the fact that immediately after the economy test the same car was driven over the steep California street hill in San Francisco, being the only four-cylinder car which has ever accomplished this feat.

"Both these tests were made with the car filled with newspapermen who acted as observers. The start up the hill was made at Battery street, and the trip ended at the Fairmont hotel.

"At the close of the test the differential was removed to verify the fact that a stock gear ratio was used. In fact, it was not only a stock car throughout, but it had just been received from the factory. All brand new cars are slightly stiff, and it is not until they have been run several hundred miles that they develop their utmost power and efficiency.

"In considering the meaning of the feat of covering 23 miles on a gallon of gasoline, it should be remembered that the motor of the Essex, although it is only 29 inches in length overall, develops more than 50 horsepower.

These two performances taken together prove that in the Essex efficiency has been obtained without the sacrifice of any other element essential to the car."

The Essex car has made its appearance in Cameron. It will be distributed by Miss Winnie Henderson and Mr. B. P. Atkinson under the firm name of Henderson and Atkinson. This firm has a contract for the sale of this wonderful little car in Milam county and is ready to furnish demonstration. Their announcement appears in this week's issue of The Herald.

WASHING THE CAR

How It Can Be Done Easily And Effectively.

Car washing is still an unpleasant experience with some motorists. They dislike the use of soaps containing alkili and other things that destroy paint luster. They object to the great waste of all soaps that do not dissolve freely, resulting in 75 per cent remaining useless at the bottom of the pail. They are disinclined to use separate compounds for washing and polishing. Least of all do they like the idea of working laboriously with soaps that do not act quickly.

There is really no need for worry or trouble in this score. The new liquid auto wash, Kantmar, a guaranteed product of the Woodtite Laboratories, makes car washing simple, easy and quite unobjectionable. Kantmar is a liquid preparation in highly concentrated form. An astonishingly small quantity instantly distributes itself evenly and thoroughly in a bucket of water—something no soap ever does, and it knocks stains, dirt and grease like magic. As the name implies, Kantmar is absolutely harmless to the most delicate surfaces, be it the finest varnish or your own hands. Kantmar is at once the cheapest and most effective auto wash available today, and the Woodtite people, as well as the public, are to be congratulated on its discovery.

Year after year 85 per cent of all electrically equipper makes of cars specify Willard Storage Battery as standard equipment. It has given satisfaction to over a million and a half car owners.

CHEVROLET EMPLOYES HAD LARGE FORCE IN SERVICE OF COUNTRY

There were enough men in the military service from the Chevrolet Motor Company's plants throughout the country to make a full war strength ammunition train, regiment of field artillery, two battalions of infantry, two companies of engineers and one aero squadron. A great many of these have returned to the employ of the company; but there are still hundreds of Chevrolet employes in the army and navy, serving as ranking officers or enlisted men.

Chevrolet men were scattered throughout the entire service. There were a number in the Ninety-first division. The One Hundred and Forty-third field artillery had a good representation from the plant of Oakland. The Motor Transport Corps various ambulance units, signal corps and the air service all had men from the plant, many of whom are still in uniform. One of the first to go and still in the service is Sergeant Dix Pierce, who in pre war days was secretary to R. C. Durant.

CHEVROLET

For transportation the automobile has proven its economy and its convenience. It saves time. It same energy. It gets you there and back quickly and comfortably.

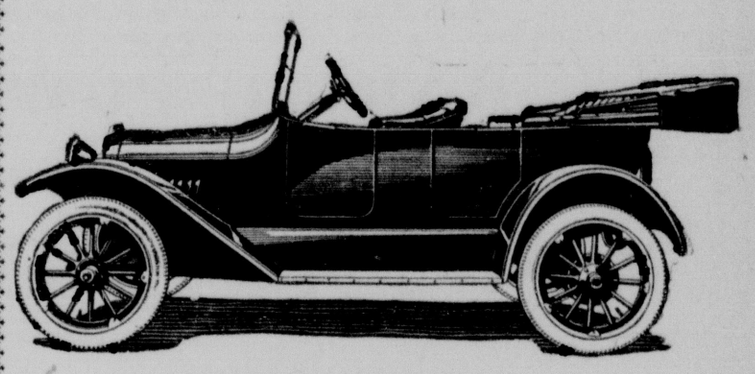

With a Chevrolet "Four Ninety" Roadster you can save more than time and energy—you can save money. Here is a car that costs very little to operate. Its frugal with fuel and saving on tires. And yet it will satisfactorily fulfill every requirement that could be expected of an efficient, dependable motor car.

Come in and let us explain HOW and WHY Chevrolet transportation will give you maximum service at minimum cost.

WHAT TO KNOW ABOUT A BATTERY

Question: What are a few of the things a car owner should know about his battery?

Answer: First—A car owner should know that the action of a storage battery is electro-chemical and not mechanical. Except in the case of a "bone dry" threaded rubber battery, it begins to wear out as soon as it is made.

Second—A storage battery is not a primary source of electrical supply, but can only give out a certain percentage of the energy that is put into it.

Third—Wood insulators in wood insulated batteries will wear out and if the battery is reinsulated before the insulation breaks down completely and before any material damage is done to the plates on account of short circuit, the life of the battery will be prolonged considerably.

Fourth—Every car owned should know his nearest Willard Service Station dealer, should have a filling and testing card and should avail himself of the Service Station dealer's free consulting service. If this is not practical, he should provide himself with a hydrometer and add distilled water and make hydrometer tests at regular intervals.

NO COMMERCIAL CLUB MEETING FRIDAY NIGHT

In the write-up of the Commercial Club directors meeting this week it will be found where the general meeting of the club for Friday night, May 30, was postponed owing to the fact that the Chautauqua will be in session and the graduation exercises of the Cameron High School will be held at the high school auditorium.

Don't try to argue with Benjamin Franklin. He said: "It is hard for an empty bag to stand upright." Just buy another W. S. S.

Willard STORAGE BATTERY SERVICE STATION

YOUR BATTERY'S DIFFERENT

There is one part of your new car that is different from all the rest—your battery.

For storage batteries are chemical—not mechanical.

The time to begin taking care of that battery is the first day that you get your new car. If you do this, your batery will not only last longer, but it will give you better service as long as it is in use.

So when you buy your new car, the very first thing to do is to come to us for full instructions. We will register your battery, and at the same time will be glad to give you a copy of the booklet, "Willard Service and You."

Our All-The-Year-Round-Garden Family. Ally, Di, Sonny, Johnny and William.

By Ellen Eddy Shaw, Curator, Brooklyn Botanic Garden.

Ally, Di, Sonny, Johnny and William. It is lovely to have a big family, isn't it? The summer flower family is a great big family, oh, so much larger than just the few children of the other seasons. I think any boy or girl can see why it is easier to have a big family in summer. It is because then you can keep them all outdoors, and in the other seasons of the year you have to have the children in the house. You know how it is!

Now, who are these children called Ally, Di, Sonny, Johnny, and William? I will tell you all about them. Ally is the nicest little girl you ever saw and never causes any trouble. Mother buys you a small package of dwarf sweet alyssum seeds, as sweet alyssum is our little Ally, and you place the seeds one by one about an inch apart, and one-half an inch deep in your garden bed. By and by up will come little plants, and they will grow about six or eight inches high. In five or six weeks Ally will have a white blossom just like a little white head.

When it gets toward the middle of the summer give Ally a hair cut. Cut little Ally down within two inches of the ground and what do you suppose will happen? She will come up again and will have her same little whit ehead all through the fall!

Who is Di? Di is also a girl, but she is larger than Ally. Her long name is Dianthus, and sometimes we call her pink. Di is an old fashioned child. You plant the seeds of dianthus just as you did those of sweet alyssum, but dianthus grows much taller and has a pink blossom, or a white one, and smells as sweet as can be.

Sonny, sometimes called sunflower, has great big seeds. You pick one up very carefully and you plant it an inch deep in the ground, and you plant another one a foot away. By and by up grows this big, strong boy, and later on in the summer Sonny has a yellow head—a huge yellow head with a Dutch hair cut. Now just you watch and see!

Johnny is a different kind of boy from Sonny. He is a quick little chap, sometimes called little "Johnny-Jump Up," and by some people called Pansy. But I like the name of "Johnny Jump Up" best, don't you? Ask mother to buy you some pansy plants and as they blossom, pick the blossoms as fast as you can because then you will hace more and more. I think "Johnny-Jump Up" is one of the smartest of our children.

We have one child left in our summer flower family, William. Sweet William is a slow boy. He is so slow that he generally refuses to have any blossoms at all until the second summer, and so you have to wait a whole year before you see his face. Plant Sweet William seeds just as you did the sweet alyssum, and the plants will come up in the spring, but he probably will not have any.

Before Jack Frost arrives, gather lots of dry leaves and cover your Sweet William and Pansy plants all over, laying a few sticks on top. Next spring up will come Pansy and Sweet William, and lo and behold, Sweet William will have a blossom, sweet in odor, and as soft as a velvet cushion.

Do you like these children? I do. Then do not forget to have one or more children this summer. You can choose Ally, Di, Sonny, Johnny, or slow little William. Which one are you going to have?

If you are a little city boy or girl and have no outdoor garden, you may plant all of these summer children except Sweet William and Sunflower in a box. Sunflower is too tall and Sweet William too slow, but Ally, Di and Johnny will blossom just as well in a window box as in a garden.

Help to reach all the parents of the county by cutting this out and passing it on to a friend.

Piles Cured in 6 to 14 Days

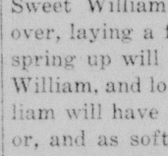

Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Instantly relieves Itching Piles, and you can get restful sleep after the first application. Price 60c

The faster we write these the faster you can read 'em without missing anything.

Calomel Today! Sick Tomorrow! I Guarantee Dodson's Liver Tone

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

OIL LEASE BLANKS

Form88—Producer's, Texas Standard, in stock, 50c per dozen. Phone or write ROCKDALE REPORTER, Rockdale ,Texas.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

PREMIER CONCERT ARTISTS

Will give a program of vocal and instrumental music at the Chautauqua. Everyone is an accomplished musician, organized under the personal supervision of Chas. F. Horner.

MINERVA MINUTES

(Delayed from last week.)

Attend to your own business and let others do the same, but what if your business is attending to other people's business—then what? Let us not be too hard on the Minerva gossipers. We can be just as happy and then can go faithfully on in their pleasure and pursuit. After all maybe they are one of the necessary evils. If they are on the inside tract the pursued will stop and look out for means of escape; if on the outside, they go merrily on their course, unharmed. So don't condemn the place. Just recognize that some of our people have a new profession and are intent in establishing a social clean up law.

We are glad to see the family of Mr. Lanham enjoying their car, Children of the rural districts can get more real pleasure out of a car than any other source of amusement and after all, it is for the children we live.

We have received news that Mr. Buford Sanders, a Minerva grown boy, will soon be at home in Cameron with the wife he has taken unto himself. We know Buford to be a Bible student and was glad he found it was not good for man to live alone, and think Mrs. Buford will be glad also. Minerva wishes them to have a long, useful and happy life.

Mr. and Mrs. J. C. Wallace returned home from Temple Saturday accompanied by Miss Estelle Wallace.

Mrs. J. C. Frother joined her daughter, Mrs. L. W. Cone, in Temple Thursday. Mrs. Cone had a serious operation performed in the Temple sanitarium Saturday and is doing as well as possible under existing circumstances.

Miss Carrie Belle Moore received a painful cut in her wrist last week. Miss Carrie Belle thinks a "miss is as good as a mile," the cut going between a tendon and vein so will not amount to what it might.

A number of Minervans attended a debate at Bethlehem Saturday night We understand the debate was on the New Constitution.

Mr. and Mrs. Clinton Henry of Rockdale visited Mrs. Henry's father, Mr. J. M. B. Williams Sunday.

Mr. Tom Whites and wife were visiting in Minerva Sunday.

Mr. and Mrs. Sam Deer will soon be riding in the new Ford car they have ordered.

A crowd of both old and young people from Minerva attended singing convention at Forest Grove Sunday. They say the crowd numbered several hundred and the singing a great success.

Mrs. Carl Ferguson and baby daughter returned to their home in Fort Worth last week.

Miss Ha Jacobs is visiting in Fort Worth.

Leslie Palmer and Roy Terry, two of our over-seas boys have just returned home. Are our boys really improved by the service to Uncle Sam or do they just seem so to us? Either was it is well. We hope their improvement is their little sweet, that went with their terrible bitter.

Mr. and Mrs. Bob Terry are sure their investment in a baby girl May 20, is the best they have ever made. Little Francis Etta's life will be a heavy rate of interest on said investment.

Drs. Hubert and Newton were looking after oil interests in Minerva Monday.

—o-o—

The Dallas News says that it is necessary for a place to be a place to have a "Municipal Trade Mark" as "Boston Baked Beans," etc. (These trade marks should be selected according to the special industries, historic buildings, natural land marks or anything peculiar to that place alone. So of course Minerva must have one. Our industries are too varied, we can't select from these, we have no historical building, nothing in our natural scenery but Little River and the "Little" kills that. So our site furnishes the idea "The Link" (but not the "missing link".) And as a "chain is as strong as it weakest link" in justice to Rockdale and Cameron we must realize our importance.

Mr. and Mrs. Buford Sanders and Miss Gena Sanders spent Sunday in Minerva.

Mr. L. W. Cone returned to Temple Sunday to visit his wife in the Temple sanitarium.

Lee Wallace made a trip to Waco Sunday.

Mrs. W. A. Robinson, president of the Woman's Missionary Society represented Minerva in the District Conference held in Cameron last Thursday.

Rev. R. O. Weir's sermon Sunday morning on the centenary move started a belated, but we hope a successful centenary drive in Minerva.

Misses Mabel and Katie Sue Hinds of Thorndale were welcome visitors in Minerva Monday.

Mr. and Mrs. McFarland's sister spent the week with them.

It wouldn't do for some of us to be preachers or we would preach more often on the text, "Fear God and keep His commandments, for this is the whole duty of man," with a long drawn out emphasis on the "fear." When the love of God fails to seat empty benches of the rural churches it is time to try the Bible's slipper and see if it won't have the desired effect.

Minerva is in sack cloth and ashes this week as it is robbed of the presence of Mr. J. C. Wallace while he is detained on the jury in Cameron.

Mr. J. L. Smith left Monday to make a short business trip to San Gabriel.

Mr. and Mrs. Gilbert McCollom spent Sunday in Cameron with their sister, the Misses Marshall.

There are several more sick babies in the community. The city cry of a few years back "Save the babies" should be changed in the country of fruit and vegetables to "Watch the babies" and don't let them get in the condition to be saved.

Of course the prohibition amendment with its twin sister, Suffrage, passed in Minerva. It should be so easy for everyone to adopt the idea of woman suffrage. We should think of it as a family affair. Just as the mothers' hand is the one to establish the fundamental laws of a little ones life and fathers strength and masculine qualities make them stick, so the woman is needed in, lets say, establishing baby laws, and in the final rush and push of the divers ways of politics, let the man make them stick. Anyway it has been

A long, long time a coming
To the land of their dreams,
But now the hubbies will be humming

And see as they are seen, etc. (with apologies to the beautiful song.)

—o-o—

Order The Herald delivered to your residence. It gets there earlier.

Symphony Club.

Miss Rose Rischar entertained the Symphony Club last Saturday afternoon at the home of Mrs. S. M. Burns, Jr.

Wagner was the study for the afternoon and the following delightful and instructive program was carried out with Miss Rischar as leader:

The Children's Chorus—Misses Katy Cone and Juanita Caldwell.

Life of Wagner—Mis Ruth Rose.

Duett—From Die Walkure—Mrs. R. J. Jeter and Miss Rischar.

Wagner, the Man of Contradictions—Mrs. Henry Sapp.

Arrest of Wagner—Mrs. T. C. Stafford.

Should the Operas of Wagner be Debarred?—Mrs. Roy Baskin.

The Story of Lohengrin—Mrs. T. S. Henderson.

Elsa's Dream and the Swan Song.—Mrs. R. P. Jeter.

Introduction to Act 3 of Lohengrin—Misses Goddard and Rose.

O Thou Sublime Sweet Evening Star.—Mrs. Tucker.

Fantasie—Mrs. R. P. Jeter.

After the program Miss Rischar assisted by Mesdames Burns and John Dobbins served frozen strawberries and angel food cake. The favors of the afternoon were bunches of sweet peas. Miss Rischar's guests were: Mesdames T. S. Henderson, U. S. Hearrell, Boyd Wells of Austin, W. O. Newton and John Dobbins and Misses Katy Cone, Juanita Caldwell and Winnie Henderson.

—o-o—

Teachers' Examinations.

An examination for teachers certificates of all the grades will be held at the postoffice building in Cameron on June 6 and 7. The examination will commence at 8:30 a. m. Applicants will secure uniform paper from the Board of Examiners but should bring with them pens, ink and blotters. The usual fee of $2.00 will be charged each applicant. Questions will be based on the 1918 course of study.

Schedule of Examinations:

Friday forenoon—Physical Geography, Physiology, Composition, Arithmetic, Literature, Solid Geometry.

Friday afternoon—Texas History, Grammar, Descriptive Geography, Plane Geometry, Physchology, Bookkeeping.

Saturday forenoon—Spelling, Writing, Methods and Management, Civics Reading, Chemistry, History of Education.

Saturday afternoon—United States History, General History, Agriculture Algebra, Physich, Plane Trigonometry.

Very respectfully,
J. F. Chadwick.

Sheriff's Notice Of Bond Election In Oakville School District No. 32.

THE STATE OF TEXAS,
COUNTY OF MILAM.

Notice is hereby given that an election will be held on the 21st day of June, 1919, at Oakville School House in Common School District No. 32 of this county as established by order of the County Board of Trustees of date the 7th day of April, 1919, which is recorded in Book 1, Page 44 of the book designated "Record of School Districts" to determine whether a majority of the legally qualified property taxpaying voters of that district desire the issuance of bonds on the faith and credit of said Common School District in the amount of $3,000, the bonds to be of the denomination of $150.00 each, numbered consectively from 1 to 20, both inclusive, payable 20 years from their date, and bearing 5 per cent interest per annum, payably annually on April 10th. of each year to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of wood material and purchasing a site therefor within said district, and to determine whether the Commissioners' Court of this County shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

W. B. Minor was appointed judge of said election and he shall select two judges and two clerks to assist him in holding the same.

All persons who are legally qualified voters of this state and county and who are resident property taxpayers in said district shall be entitled to vote at said election.

Said election was ordered by the County Judge of this county by order made on the 27th day of May, A. D. 1919, and this notice is given in pursuance of said order.

Dated the 27th day of May, 1919.

Sheriff's Notice Of Tax Election In Oakville School District No. 32.

THE STATE OF TEXAS,
COUNTY OF MILAM.

Notice is hereby given that an election will be held on the 21st day of June, 1919, at Oakville School House (white) in Common School District No. 32 of this county as established by order of the County Board of Trustees of this county of date the 7th day of May, A. D. 1919, which is recorded in Book 1, Page 44 of the "Records of School Districts" of Milam county, Texas, to determine whether or not a majority of the legally qualified property taxpaying voters of that district desire to increase the rate of taxation levied in said district for school purposes to a rate of not exceeding 50 cents on the $100 valuation of taxable property in said district.

A. L. Lensing was appointed judge of said election and he shall select two judges and two clerks to assist him in holding the same.

All persons who are legally qualified voters of this state and county and who are resident property taxpayers in said district shall be entitled to vote at said election.

Said election was ordered by the County Judge by order made on the 27th day of May, A. D. 1919, and this notice is given in pursuance of said order.

Dated the 27th day of May, A. D. 1919.

"THE ONE WOMAN"

By Thomas Dixon, author of "The Birth of a Nation"

Do you believe in socialism? Yes or No? See One Woman.

Makes you laugh and and cry, thrill and shudder, and leaves you something of vital importance to think about.

Would you be as forgiving as "The One Woman," who with open arms takes back the man who has divorced her and ruined her life?

A worthy successor to the "Birth of a Nation" written by the same author.

A story of life, love, religion and politics. Don't fail to see this show.

Prices Children 15c Adults 25c

FOLKS are a heap like tobacco. Thar's hot-headed, bitey folks. Thar's flat, uninterestin' folks. An' then thar's folks like Velvet—mild, but hearty an' fren'ly, too.

Velvet Joe

Velvet

THE FRIENDLY TOBACCO

"Friendly" is a very good word to describe the positively pleasing quality that sets VELVET tobacco apart.

There is that indescribable something about VELVET that is associated in men's minds with the thought of a friend.

It is a satisfying smoke—never harsh; without a bite. Like a friend it "agrees" with you no matter how much you use it.

Long, patient ageing—in wooden hogsheads—does it. Friendship must ripen *slowly*. Good tobacco the same way. An army of men have learned this through VELVET.

Today is a good time to get a lot of comfort out of a pipeful of friendly VELVET.

Liggett & Myers Tobacco Co.

Roll a VELVET Cigarette

VELVET'S nature-aged mildness and smoothness make it just right for cigarettes.

Cam-Hi Weekly News

Edited by the Students of the Cameron High School.

Editor-in-Chief.....Jack Logan
Assistant Editor—Mildred Chambers.
Senior Editor.....Homer Peel
Junior Editor.....Henry Tracy
Sophomore Editor.....Lee Howell
Freshman Editor.....Mary Joe Harlan

A Summary of the Cam-Hi Weekly News.

This is the last edition of volume one of the Cam-Hi Weekly News, and also the last edition under the present editors. The establishment of this paver was suggested and urged by Mr. J. N. Crawford, soon after his arrival here as principal of the high school, the first publication appeared in the city papers on February 6. 1919. Since then, the paper has been edited by two different editorial staffs, and we feel sure that during the whole time, the paper was a success and a credit to the school.

We feel certain also, that since the paper has been well established, the students of Cam-Hi next year will not allow its failure or consent to the removal of its mouthpiece.

The literature of the day is largely composed of newspapers and periodicals, and these exert a controlling influence on the trend of the nation's thought. It is also by them that the city or town is known. The more progressive the town or city is, the more good newspapers it is able to boast of.

The same is true of a school. In order to be progressive, it must have some way to inform the public of its activities and a newspaper like Cam-Hi has maintained is the most effective and desirable means. The Cameron Herald and the Milam County Enterprise, both kindly consented to publish this news each week, free of charge, and the school is very grateful to them for their aid. There may come a time in the future; when the size of Cameron will require that the above mentioned weekly papers will have to become dailies, and when Cam-Hi will have expanded so that it will be great and mighty enough to require a regular weekly paper of its own; but until then we should like to see a continuation of the present arrangement between Cam-Hi and the two city newspapers.

Among the first of the activities of the high school next year, should be the reorganization of its newspaper. There should be an election of editors as soon as possible and a launching of the second volume by the second week of school. This year, because of the time of the establishment of the newspaper, the editors were not elected for a definite length of time; but next year, it would be advisable to elect each staff of editors for one school term of nine weeks, and make each member eligible for reelection. Thus more students would be given a chance to hold the office, and yet it would be possible to retain the same staff, if its members desired to serve again and if the student body was satisfied with their work.

In selecting an editor-in-chief the student body should be especially careful that someone who will work and give a considerable amount of time to the paper be chosen, because the responsibility is largely upon him—and there is more responsibility than one might suppose at first thought.

Senior Banquet. Knox Tyson Wins First Honors.

After a business meeting of the school board, the Senior Class met the faculty and the trustees at the Palace of Sweets last Thursday evening where the following program was rendered:

Opening address—Dr. A. S. Epperson, toastmaster and president of the school board.

"The Training Camp"—Mr. J. N. Crawford. Mr. E. A. Wallace was to have spoken on this subject, but in his absence, Mr. Crawford consented to do so.

"The Officers,—A tribute to the High School Faculty—Mr. L. J. Epperson, president of the Senior Class.

"The Commander in Chief and his War Board—Miss Harriet Henderson.

"The First Victory—Over the Top"—Miss Ruth A. Rose.

"Those who Fell by the Wayside"—Miss Ada Henderson.

"The Next Trench—College"—Mr. L. H. Kidd.

"Rewards—the Croix de Guerre and the Cross of Honor"—Mrs. Graham Gillis.

Those who spoke extemporaneously were Mr. W. J. Walker. Mr. Knox Tyson and Miss Louise Green.

During the course of the program which every one enjoyed very much, delicious refreshments were served, and the parlor with its decorations was a palace indeed.

Despite the attractiveness of the program, however, all were anxious to know who was to receive the distinguished Croix de Guerre, the highest honor that the Senior Class and the school can bestow upon a member. There was much diversity of opinion as to who our valedictorian would be, and really there was much reason for difference of opinion, because when Mrs. Gillis announced that Knox Tyson had gained first honor, with an average of 94.73, she also said that Miss Louise Green's record was almost as high, her average being 93.52. Thus Miss Green won the Cross of Honor and will act as salutatorian.

We are able to publish the following toasts:

1. The Commander in Chief and His War Council.

It's great fun to be here together
This jolly springtime weather,
And talk and laugh with perfect ease
With teachers and with board of trustees.

And now in behalf of the class
I toast our board enmasse,
For they have laid the foundation
Of our high school education.

So Seniors raise high your glasses
And drink ye, lads and lassies,
To the health, happiness and fortune
Of our board of education.

2. "The First Victory—Over The Top."

"What's all this fuss and stir about?"
Said freshman on the guard.
"Over the top! Over the top!"
The colorless senior said.
"What makes you look so white, so white?"
Said freshman on the guard.
"I'm dreadin' what I've got to pass"
The colorless senior said.

For they're bustin' or they're passin;
They're groanin' every day,
The class's in solid rank—
They're wishin' so to play.
They've taken off their collars,
And their sleeves are rolled away,
For they're passin' history 'leven
In the mornin'.

"What makes that D-Rank breathe so 'ard?"
Said freshman on the guard.
"That English trench, that English trench!"
The colorless senior said.
"What makes that A-Rank man fall down?"
Said freshman on the guard.
"A Kittridge bomb, a Kittridge bomb"
The colorless senior said.

For they're busting or they're passin'
They're groanin' every day.
The class's in solid rank,—
They're wishing so to play.
They'll give a rouse in 'arf a minute
In the regular senior way.
For they're passin' that old German
in the mornin'.

"They're cots are twice removed from mine!"
Said freshman on the guard.
"They aint a sleepin' much tonight,"
The colorless senior said.
"Are they crammin' for the next exam?"
Said freshman on the guard.
"They've got to get that Spanish trench"
The colorless senior said.

For they're bustin' or they're passin'
They're groanin' every day,
The class's in solid rank—
They're wishin so to play.
They'll break in smiles in 'arf a minute,
And be so bright and gay.
For they're passin' Physics 'leven
In the mornin'.

"What's that so black agin the sun?"
Said freshman on the guard.
"It's my class a fightin' hard for life"
The colorless senior said.
"What's that a shinin' overhead?"
Said freshman on the guard.
"Tis a bunch of Cam-Hi diplomas"
The colorless senior said.

"For they're done with Cam-Hi forever,
You can hear the Seniors say.
"The class's in a solid column,
And marchin' far away.
But we'll miss their cherry presence,
As they sit before us today,
For they're over the top in the mornin'
Here to the seniors.

The Graduation Exercises.

The exercises for the high school graduates will be held tomorrow, May 30, at 8:30 p. m. in the high school auditorium. The address will be made by Mr. Bonner Frizzell of the Department of Education at Austin.

Senior Class Day Exercises.

Everyone is invited to attend the class day exercises of the Seniors of '19, which will be held on the high school campus at ten o'clock Thursday morning. The following program is scheduled:

An Illustration of the Class Prophecy.
A Reading of the Class History.
Burial of Miss Ruth English IV.
Burning of History IV.
Selling of ice cream cones and home made candy by the seniors.

After this, the Alumni Association with Mrs. W. O. Triggs acting as chairman will be organized.

Weekly Explosions.

Furthermore we wish to state that the war between the seniors and juniors, which began with the "Minerva Statute" affair, was officially declared at an end when the Juniors consented to do all the decorating for senior commencement.

Someone has said that "Mr. Bob" was the eighth wonder of the world. There must be a ninth, for no one is able to explain how the words, "Seniors of 1919" were painted on the seemingly inaccessible ceiling of the study hall.

Mrs. Solomon has stated that she will not need a vacation during the summer, and wishes to give her services to the next best newspaper in the south. Hence we are sending her to the Dallas News, until the beginning of school next September.

It is our idea that we were somewhat hasty in regard to what we said of the English department last week. The science classes think that some of the explosions should have been used in giving Mr. Crawford's rigid grading system a shake-up.

The Cam-Hi widow has accepted a Junior boys proposal. We will say confidentially however, that we believe that she will be a widow again next year, for all next years senior boys will be dead—to society—when football and school work begins.

Cameron Concert Band.

A forty piece band is being organized to furnish music for the people of Cameron during the aprpoaching summer. There are already thirty-nine members at work on various instruments so we are assured that this organization will be the biggest thing in Cameron. Although the limit was set for forty pieces it will be necessary to increase the number to forty-six, owing to the addition of some instruments that were not at first included.

A large reed section of clarinets and saxaphones will give the band the concert effect and make it entirely different from the little country brass bands. Mr. Crawford says he has been the organizer of a number of high school bands but that the one he is organizing is far eclipsing any he has ever been connected with. He has bright hopes for our band for next year and is most enthusiastic over the prospect for the summer.

The following is the instrumentation at present and with seven more to be added will be the personnal of the band.

Saxaphone section: Messrs L. Green, P. Cross, R. Griffin,

Clarinet section: Raymond Thompson, Lee Howell, Gordon Baskin Charlie Frank Green, Frank Plaster, Ray Casey, Billie Clark, J. A. Walston, Glenn Flynn, Charles Pardo, Jack Hearrell.

Cornet Section: Leland Denson, Lee Tag, Arthur Baskin, Coran Yates, Walter Walker, Robert Mayfield, Robert Gillon, Eber Flynn, Bassett Watson.

Baritones: Will Parma, Dwight Price, Henry Tracy.

Alto: Phillip Reid, Quinn Walker, Ryan Oliver.

Slide Trombones: Messrs Dick Clark, E. Dusek, Bob Joslin, Fred Reno.

Tuba Section: Messrs Tag, Robinette, R. Chambers.

Drums: Robert Young, Walter Henrichensen, Eugene Matula.

The remaining places are to be filled at once. Anyone desiring to learn some musical instrument will have a fine chance by being a member of the Cameron Concert Band.

The Operetta.

The operetta, which was given by the high school boys and girls under the supervision of Misses Brougher, Goddard and Nowlin, was a grand success. Those who took part in its presentation had not been able to practice very much, but all acted their parts almost perfectly. The scene of the play was in Japan, and the action took place in a Japanese flower garden. All the characters were elaborately dressed and music gave force to the entire play. The house was well filled and the audience was highly pleased with the program.

Football For Next Year.

The boys expect to play football next year and elected Terry Wiley captain of the team. The team is now planning to spend a week or more immediately before the beginning of next years school year on a camping trip at the river. There they will get strenuous exercise, training and practice, and will be in condition to begin their career of success when school starts. They hope to gain a record similar to the one which they gained in base ball and there is a great possibility of this hope being realized.

The Baccalaureate Sermon.

Last Saturday the juniors decorated the Methodist church with flowers and with the seniors class colors. And on Sunday morning at eleven o'clock they sang in the choir at the senior commencement sermon. The Senior class wearing uniform caps and gowns, marched in a body to seats which had been reserved for them, while their parents and relatives were seated in the center of the main building of the church. The sermon was delivered by Rev. W. R. Hall of Milford, Texas, formerly minister of the First Presbyterian church of this city. It was an excellent sermon and we believe that all the congregation gained a lesson from it, as well as did the graduates, some of whom are making the real commencement of life.

A Summer School.

During the school year there are thirty-six weeks of five days each. This makes a total of 180 school days in the year. Thus there would be 180 periods of forty minutes each. Now, in a summer school that gives a complete course enough time should be given to enable the student to acquire as much training in a given subject as during the regular school year.

Work done in such a manner will not only give deficient students a chance to make the course, but it will afford ambitious students an opportunity to make up an extra credit or two and thus better prepare them for the remaining of their high school work and for university entrance.

If there are sufficient students interested in review work or in advanced study during the summer, classes in science or mathematics might be organized. Seventh grade students might work out first year algebra, or this years high school students could make ninth grade algebra or plane geometry.

Next weeks city papers will contain a definite statement as to what might be expected along the line of summer school.

Jokes.

Monday Baskin stood gazing longingly at the display in a habadasher's window. Frank Plaster stopped to inquire if he were thinking of buying the marked down laundered silk shirt.

"Gosh, no!" replied Monday. "The only thing that fits me ready made is a handkerchief."

Some time ago Miss Goddard was giving a talk on classical mythology. Bessie was not very attentive, and when it came to the questioning part of the game, she was lost in the wilderness.

"Bessie," said the teacher, "Can you tell me who Cyclops was?"

"Yes mam" was the prompt answer. "He was the fellow who wrote the cyclopedia."

Some one said that Homan Barge has been singing the Senior class song too continuously, and faithfully. He seems to have specialized on the part which reads: "And will loyal seniors always be."

COMMERCIAL CLUB DIRECTORS MEETING

Full Attendance Friday Shows Intense Interest—No Meeting Next Friday Night.

At the regular meeting of the board of directors of the Cameron Commercial Club last Friday night a roll call showed the following officers, directors and committee chairmen present:

Robert McLane, president; C. W. Lawrence, vice president; Geo. T. Graves, treasurer; T. N. Herring, secretary.

Directors: W. W. Chambers, J. W. Coleman, W. G. Gillis, J. T. Parma, T. S. Henderson, John E. Mangum and E. A. Flinn.

Committee Chairmen: J. Garrison, Monta Thomas, T. B. Wooten, W. M. Cobb, R. A. Triggs, B. P. Atkinson, Frank Lesovsky and O. M. Smith.

Minutes of previous meetings were read and adopted.

The name of J. N. Crawford was presented for membership to the club and upon motion he was duly elected.

Under the head of reports of standing committees O. M. Smith, chairman of convention and accomodation committee suggested that Cameron have some kind of a celebration on July 4th. The matter was discussed and this committee was instructed by the president to arrange plans and submit them to the club.

Chairman Graves of the good roads committee discussed the bad condition of the Add Hall road and related to the club that his committee as well as the citizens of this and other communities in Beat 5 were having lots of trouble with Commissioner Allcorn in getting any work done on their roads. The matter was discussed generally and a motion from T. S. Henderson carried to instruct the good roads committee in conjunction with the citizenship of these communities to take the matter of getting a fair deal up with Mr. Allcorn and if same was not forthcoming then take steps further to get same.

J. W. Coleman, chairman of the Wilson Ledbetter Park Committee reported that good progress was being made towards placing a gate at the park entrance.

Frank Lesovsky, chairman of a committee to raise funds for the street sprinkler reported that the sprinkler had not arriveed and that nothing had been done towards raising the money for same.

J. C. Joseph apeared before the directirs meeting with reference to Cameron securing a government cotton classer to aid the farmers in getting a fair price for their cotton. He presented an article clipped from the Dallas News which was read by the secretary. A general discussion followed and the matter was disposed of by a motion from T. S. Henderson to have the secretary take the matter up with Hon. Walton Peteet, Director of Extension Work A. and M. College of Texas. The action taken in the motion was also to assure Mr. Peteet that the club would back the proposition to the fullest extent in a financial way.

O. M. Smith chairman of a special committee to look into the matter of renting the McCord building for the purpose of using same as a band practice room and as a home for the Commercial Club made the following report:

To the Cameron Commercial Club:

We, your committee appointed to investigate the renting of the McCord building for the use of the Cameron Band and the Cameron Commercial Club, beg leave to report:

First. We find the proposed location suitable, both as to location, ventilation and size and when improved as proposed by Mrs. McHenry, the place will make an excellent home for the Cameron Commercial Club.

The owner submitted us a proposition to rent this for the term of one or more years at $25.00 per month This rental added to the expense of lights, fuel, janitor and other incidentals, would, in the opinion of the committee, necessitate a monthly expense to the club of approximately $50.00 a month. In the opinion of your committee, it would not be advisable for the club to undertake this proposition.

Second. We have met with Mr. Crawford, the director of the new band, and, in his opinion, the band could hold its meetings to advantage at the public school building, and we recommend that the Comemrcial Club assist the band in the purchase of instruments, instead of donating a meeting place.

Respectfully,
Oxsheer Smith,
J. W. Coleman,
Thos. N. Herring,
W. O. Triggs.
Committee.

Upon motion the report was unamiously adopted.

The matter of the whereabouts of the speakers stand that formerly stood on the court house lawn was brought up and discussed. It was related by W. W. Chambers that same had been sold by City Marshal Holtzclaw and after discussion a committee was appointed to confer with Mr. Holtzclaw regarding same. The committee is Fritz Fahrendorf, chairman, Geo. T. Graves, Frank Lesovsky and J. W. Coleman.

The removal of the W. S. S. bank from the side walk at the First National Bank was discussed and the Civic Improvement Committee was instructed to act in the matter.

It was suggested that as next Friday night the Chautauqua would be in session and that the closing exercises of the Cameron High School would be held that no meeting of the club be had. A motion carried to postpone the meeting.

Under the head of good of the order, B. P. Atkinson reported that final arrangements had been made for the erection of a sweet potato curing plant, provided that a visit to one of these plants proved satisfactory.

HIGH SCHOOL PLAY SCORES SUCCESS

Miss Cherry Blossom—Japanese Operetta—Proves Enjoyable Entertainment.

One of the most decided successes of the high school activities was the little operetta, Miss Cherry Blossom, given last Friday night under the direction of Misses Brougher, Nowlin and Goddard.

The main characters and also the choruses of girls were members of the choral classes of Misses Goddard and Brougher. As the name implies, this was a Japanese play and the stage setting and costumes were characteristic of the Far East. The cherry trees the wisteria, the hanging baskets of flowers and the vine covered summer house, with the snow topped mountains in the back ground made a most pleasing picture. Then the kimona clad figures added to the beauty of the setting, and the entrance of the heroine seated in a Japanese cart, drawn by a Jap made one feel they were in the land of chrysanthmum and cherry blossoms. The cast of characters who were well chosen and well trained were as follows:

O Hara San, Miss Blossom—Owen Bacon.

O Kashi Kintara—Cecil Barmore.

Kanaya, Father of O Hara San—Leland Denson.

O Toya San, Mother of O Hara San—Esther Fielder.

O Toku San, Chief of the Maids—Madie Weaver.

Tokiaki, A Go-Between—Homan Barge.

Chorus: Maids, Geishas, Servants.

Special Dances: Japanese Geishas, Butterflies, Poppy Maids.

Besides these a chorus of Japanese maids added greatly to the scene effect and to the play. This group of about twenty girls furnished the chorus for every solo or duett. "Busy Little Maids are We," which ran through the whole scene was very catchy, and it was very pleasingly given.

Special dances by the Japanese Geishas, butterflies and poppy maids were a delight to the eye. The dancers were so gracefully, the dances so aestethic and the costuming so airy and beautiful that the three groups of young ladies entering at different times during the performance simply captiviated the audience.

DISTRICT MEETING MISSIONARY SOCIETY

All Day Session of Marlin District Held In Cameron Last Thursday.

The women of the Methodist Missionary Society of the Marlin District enjoyed an all day meeting in our city last Thursday. Quite a large crowd of out of town guests came in their cars for the day.

The meeting convened at ten o'clock and after the welcome of delegates the ladies got down to business. Mrs. C. D. Lay presided, and reports of the work and plans for the work were given and discussed. Mrs. J. L. Clinton rendered a beautiful solo at the morning meeting.

At twelve o'clock the ladies adjourned to the home of Mrs. J. T. Kemp where a sumptuous luncheon was spread and a merry social hour enjoyed.

Work began again at two and lasted until Friday. Two conference officers were present and interesting talks were made by each of these. At eight-thirty o'clock a musical program was given. The Junior girls under the direction of Miss Jessie Guffey, their leader, sang, after which Misses Maurine Messiner, Winnie Yoe and Frances Hefley, dressed to represent Democracy, Christianity and Columbia, gave a pageant, showing the importance of these three things in the world's work. Miss Jessie Guffey brought this to a beautiful ending by singing "America, the Beautiful." Mis. C. D. Lay with the flute obligato played by Mr. Crawford sang "Rock of Ages."

After this Miss Maggie Rogers of Marlin who is a missionary in Soochow, China, made a most interesting talk on the work in China. The meeting was a great success and much good was gotten by all who attended it.

Commissioners Court.

The commissioners court will meet on the 28th of this month as the board of equalization.

DYNAMITE USED ON DIPPING VAT

Maysfield Community Is Scene of Act Of Bolshevism Last Saturday Night.

Who did it and where did they get the dynamite?

This is the question Sheriff L. L. Blaylock of Milam county and the citizens of Maysfield community have been asking ever since some one blew the government tick dipping vat to destruction early Sunday morning.

Young people of Maysfield community were returning from an entertainment about 12:30 Sunday morning, heard an explosion and upon investigation found where a stick of dynamite had been inserted under the cement of the public dipping vat and its flooring sent skyward.

The vat was located near the center of the town on a piece of property owned by V. L. White.

It has been reported by Dr. J. R. Louden, who has charge of the cattle dipping in Milam county that objections had been raised by a few farmers against the enforced dipping of their cattle, and it is thought that some unscrupulous "conscientious objector" has taken advantage of the cover of darkness to engage in a little bolshevik target practice.

So far no clue has been found. The sheriff's department is busily engaged in trying to ascertain recent purchases of explosives, which might have a bearing on the case.

The fact that the vats are government property makes the offense about as serious as blowing up the postoffice.

Miss Mabel Jeter returned from a visit to friends in Waco Tuesday.

YOE HIGH SCHOOL PLANS ORDERED

Trustees Of Memorial Fund Announces Preparations For Erection Of Handsome Building.

A contract for the plans and specifications of the new C. H. Yoe Memorial High School to be erected in Cameron at a cost of $100,000.00 was let last Saturday by the trustees of the appropriated fund, namely: A. N. Green, Chairman; Dr. J. C. Reese and Dr. M. C. Sapp. The contract was let to Page Brothers of Houston and Austin, which concern has erected a number of the best high school buildings in Texas, including those at Terrell, Waxahachie and Cleburne.

The new school building that is to be erected in Cameron is to be a gift to the city from the late C. H. Yoe, and his widow, who now resides in Cameron, and the three named trustees are men selected by Mrs. Yoe to handle the funds she has made available for the erection of the building. It is the purpose of the donor to make her gift a standing memorial, plans have been ordered for the most modern and up-to-date school building for higher high school education that can be built and equipped. The new structure will be located on a large tract of land in beautiful heights in the northeastern part of the city and it is planned to make the site instead of a play ground, a beautiful park. The new building will be used only for the high school work of the Cameron Public Schools and an athletic field adjoining the school campus proper will be equipped. Mrs Yoe has planned to keep employed a landscape gardner, whose duty will be to keep the campus in the pink of condition.

Every department known to education will be cared for in the new building including domestic economy, manual training, science and a fully equipped girls gymnasium.

It is planned by the trustees of the Yoe fund to have this magnificent structure ready for occupancy for the opening of the fall term of school in 1920.

GRADUATION OF GRAMMAR GRADES

Students In Cameron School Given Certificates Entitling Them To High School Berth.

Last Monday evening the seventh grade pupils and instructors presented an exercise which is almost a novelty to this school. The pupils who have finished the grammar grades were given certificates at the presentation of a program similar to the graduation exercises of the high school pupils. The class made its beginning in school with a membership of fifty pupils and graduated with a roll of forty three. This is an excellent record and it is to be hoped that they will be as successful in high school as they were in grammar school,

The program for the evening was as follows:

Invocation—Rev. B. B. Blaylock.

Song—"The Land of Liberty"—Class.

Free Text Books—Salutatory—By Pauline Green.

Class History—Olive Henderson.

Class Orator—Bassett Watson.

Class Prophecy—Harleigh McGregor.

Presentation of Robe—Martha Lu Hooks.

The Power of Music—Valedictorian—Alice Lucille Garrison.

Boating Song—Class.

Address—Hon. T. S. Henderson.

Conferring Certificates—Supt. L. H. Kidd.

Benediction—Rev. H. R. MacFadyen

These young people delivered their essays in a most pleasing manner. They handled their subjects well and they read them in a clear cut and impressive way. Miss Martha Lu Hooks on behalf of the seventh grade gave the robe to Charlie Young the representative of the sixth grade. Both of these young people made good speeches.

After the program by the graduates, Hon. T. S. Henderson delivered the address to the class. In a few choice remarks he praised and encouraged and exhorted these children who are starting one step higher on the road to an education. Mr. Kidd, assisted by Mr. Walker, principal of the grammar school presented the certificates to the graduates. Before giving these, Mr. Kidd made a very nice little talk about the class.

CHAUTAUQUA HAS AUSPICIOUS OPENING

Large Crowd At Opening Of Sixth Annual Event Of High Class Entertainment.

The sixth annual encampment of the Cameron Chautauqua was opened in this city Tuesday afternoon under auspicious circumstances.

At 3:30 o'clock, Prof. J. N. Crawford, principal of the Cameron High School appeared on the platform and in a very impressive talk introduced Mr. H. A. Shinn, superintendent of the weeks events.

Mr. Crawford's address was not only one of welcome to the Chautauqua folks but also the outline of the good accomplished by the Chautauqua and declared that every city in the country where higher ideals were sought the summer chautauquas were held. He outlined the benefits of the chautauqua and said that it should be a period every year when everybody should turn from business affairs and enjoy the splendid entertainments furnished by the high class talent offered by the Redpath-Horner Chautauqua circuit.

Superintendent Shinn made a good snappy talk on the benefits of the chautauqua to a community and was soon into details of the weeks work before him. A general outline of the program was given and rules governing the work of the chautauqua while in our city. He urged the co-operation of the entire citizenship in making this a most enjoyable week in the city.

Miss Electra Platt and the Victory Players had charge of the afternoon's program. This attraction was entirely musical and humorous. Miss Platt herself combined these in a most pleasing way. Her readings were especially fine. Miss Jack was an artist on the flute and her accompanyment added much to the performance. Mr. Stone the other member of this company was at home with any instrument in the band it would seem. He delighted his crowd with selections on the banjo and brought down the house with the one-string fiddle made from a cigar box.

These artists also furnished the concert part of the evening's program. They fairly carried the crowd away with them in their enthusiasm and appreciation.

Ralph Parlette was the lecturer of the evening and his talk was both interesting and beneficial. It a humorous way he pictured life, and then in his serious way he emphasized the right conception or view of life.

Wednesday afternoon the St. Claire Sisters rendered a most delightful musical program. This quartette used several instruments and proved capable of managing many more. In song and in readings they produced a charming effect. Wednesday night after a concert by these young ladies, Lincoln McConnell delivered his splendid lecture on "Grouches, Their Cause and Cure."

The Chautauqua people who are spending the week in our city are: Mr. H. A. Shinn, superintendent; Miss Gertrude Hamilton, supervisor of play grounds and children's work; G. L. Saunders, property man and ticket supervisor, Saunders is a student in the Minnesota University. L. L. Kidd has charge of the workings around the tent and is known as the crew foreman.

Miss Irma Burrellsmith of Vernon is visiting her aunt, Mrs. Geo. A. Thomas.

BACCALAUREATE SERMON SUNDAY

Rev. W. R. Hall Delivers Masterful Address To High School Graduating Class.

The Cameron High School commencement sermon was preached at the Methodist church last Sunday morning, May 25th. The church was filled to its capacity and was very appropriately decorated in ferns and flowers. Seats for the graduates, their parents, the trustees and the high school teachers were marked by the class colors, purple and gold.

The junior class lead by Miss Brougher and accompanied by Miss Goddard at the piano, and members of the Cam-Hi Orchestra, furnished the music for the occasion and they rendered most beautifully the following program:

Processional—Coronation March—from "The Prophet"—Meyerbeer—Miss Goddard.

Awakening Chorus—Gabriel— By Choir.

Hymn—Holy, Holy, Holy.—Chorus and audience.

Pilgrim's Chorus from Tannhauser—Wagner—Choir.

Hymn—Faith of Our Fathers—Choir and audience.

As Miss Goddard began the first notes of the Coronation March the Seniors in their gray caps and gowns marched in and took their places. Rev. B. B. Blaylock pronounced the invocation, after which Rev. W. G. Harbin read the scripture.

Rev. W. R. Hall of Milford, delivered the sermon and he directed his talk to the graduates in a most appealingly personal way. Every one felt as he talked that he was interested in every member of the class. His theme was the making of a life and he tried to impress his audience, and these young graduates especially with the fact that the problems was not making a living but making a life. And he urged upon them the necessity of having Christ as their Pilot. It was a soul stirring appeal, from a heart brim full of love for God and for humanity and those who heard were helped and inspired by this message.

OIL WELL ON BROOKS FARM HAS REACHED 740 FEET

A report Wednesday from President Wm. Henderson of the Cameron Oil and Refining Company is to the effect that this company's driller, J. W. Stitt, has reached a depth of 740 feet in the deep test well on the Sam Brooks farm near this city. The driller reports a most satisfactory progress and has not encountered any trouble to speak of and reports that the formation is entirely satisfactory.

This test well is being drilled less than two miles from the court house square in Cameron and if a producer is brought in, what will it mean?

MISSION TO BE HELD AT ST. MONICAS CHURCH

A mission for non-catholics will be given in St. Monica's Church beginning Sunday, June 1st, and ending on Sunday, June 8th. It will be conducted by the Rev. J. Elliott Ross, C. S. P. of Austin. The parishioners, as well as Catholics generally, are earnestly urged to spread the news of this mission among their non-Catholic friends and neighbors, and invite them to attend and hear authoritative expositions of Catholic doctrines and practices. Father Ross is a noted lecturer and writer, who has made a special study of mission work among non-Catholics.

The subject of the lectures will be as follows:

All men believe:—they differ as to what they believe.

How to determine content of faith as between Catholics and Protestants.

Points of difference:—The Eucharist.

Points of difference: Other Sacraments.

Points of difference: Purgatory and Indulgences.

Points of difference: Veneration of Mary and Saints.

Points of difference: Infallibility of the Pope.

WE NEED BETTER AND STILL BETTER COWS

By J. L. Thomas, Extension Dairy Husbanrman, A. & M. College of Texas.

The general impression is that the dairy cow of Texas is being gradually improved. This is bound to be true generally on the more specialized dairy farms, but there are thousands of cows on the general farms of the state with from four to ten cows to the farm where no good bulls are kept at all, and in many instances there is not a good bull in the community. In such communities cows are bred to any kind of a bull to get them to freshen again. The result of such breeding is that the productive ability of the offspring is often less than that of the old cow. This bad state of affairs is very noticeable in many of the herds in the state.

Dairymen with twenty or more cows can well afford to purchase, for use in his own herd, a good bull of the breed he is using, and by his use, make the offspring be[illegible] producers of milk and butter than [illegible]e old cows. A few pounds more of butterfat per year for the eight or ten years a cow is milked, makes a large total; this multiplied by the number of cows in a herd, will make a grand total that is startling. Two daughters of the same cow, one from a good bull, the other from a scrub—might easily have a difference in producing ability of from fifty to one hundred pounds per year of fat. It does not take many hundred pounds of butterfat to make the price of a good bull.

Farmers and dairymen who have too few cows to make it practical to own and keep a bull, can organize a bull as[illegible]tion. A bull association is simply an organization of two or more farm[illegible] or dairymen to own a bull jointly. Generally this is carried still further and several such units are organized into one bull association and at the end of each two years, the bulls are moved from one unit to another, thus reducing the bull cost.

Results show that it costs less to have the use of a good bull through an association than to keep a scrub. The difference in results to be obtained has already been pointed out. For detailed information write to the extension service of the A. & M. College of Texas, College Station, Texas.

BIGGER DIVIDENDS THAN STOCK IN ON OIL GUSHER!

The banker, the merchant, the lawyer, the physician, the teacher, the minister, the farmer, all agree that every man would be better fitted for his sphere in life, were he possessed of a good Business Education.

No doubt you have often realized the truthfulness of this statement; but perhaps circumstances will not permit you to attend a Business College.

You are ambitious. You feel, keenly, the need of better preparation, but the duties of life claim the larger portion of your time. Fortunately, however, there is an opportunity which is yours. Toby's Business College, Waco, Texas, has arranged special courses in Arithmetic, English, Penmanship, Bookkeeping, Shorthand and Typewriting to be taught by mail, and a moderate amount of money, together with a few spare hours a day invested by you, will give you that knowledge which you so much desire.

A business man, Mr. W. T. Whatley of Rogers, Texas, who completed the course in Bookkeeping last fall, wrote Mr. Edward Toby a short time ago, "I am getting along fine with my bookkeeping and, as bad as I need the money, I would not take $1000.00 for what I learned through your course by mail."

This gentleman invested $36.00 in cash and the odds and ends of time which he could spare from his duties. Do you know of an investment in which the dividends are larger or more satisfactory?

Why not follow his example? Employ the time, which perhaps you are now wasting, in acquiring knowledge which you know will prove so beneficial to you.

Write, today for [illegible]ee description catalogue address.

Edward Toby, President,
Toby's Business College, Waco, Texas

DUNCAN DOTS

(Delayed from last week.)

We had more rain last week and the crops are looking fine, although they need work.

Mr. and Mrs. Jack Dunham entertained the young folks with a party last Tuesday night.

Mr. and Mrs. Ray Jenness and sons, Clifton and Waymon were Rockdale visitors Saturday.

Miss Geneva Duncan of Thorndale spent the week end with home folks.

Mac and Gause Dunham were Rockdale visitors Saturday.

Charlie and Ruth Duncan were in Thorndale Saturday.

Mrs. Blackbard and sister Alta Seaton, spent the week-end with relatives at Laneport.

Mr. and Mrs. Charlie Britton attended the singing convention at Forest Grove Sunday.

Rev. Raymee preached at the Baptist church Sunday morning.

W. M. Hedden has purchased a new Ford.

Mr. and Mrs. Ray Jenness and Mrs. Charlie Britton were in Cameron last Thursday.

Mr. and Mrs. Will Maddox and family of San Gabriel were visiting Mrs. W. F. Duncan Sunday.

Mr. and Mrs. W. H. Duncan received word from their son, Clem, who is overseas that he is on his way home.

TO ORGANIZE FOR BETTER PRICES

State Meeting Is Called For May 28th To Perfect Permanent Cotton Organization.

Hon. W. P. G. Harding, Governor of the Federal Reserve Board, will deliver an address at Dallas on May 28, in explanation and advocacy of the proposed Cotton Export Corporation to facilitate the movement and sail of cotton abroad, with the expected result of better and more stable prices for the South's great product.

It seems to be certain that some such agency and organization must be created if the South is to prosper and secure fair prices and an orderly and free movement of the cotton crop now on hand, and that soon to be gathered. We have therefore concluded that it was in every way both desirable and indeed necessary to give this matter serious attention.

To enable our people to act intelligently, and after thorough discussion, we have therefore concluded to call, and do hereby call a meeting of the farmers, business men and bankers of this State to convene at Dallas on May 28 on the occasion of Governor Harding's address to consider, and if deemed advisable, perfect an organization to do our part in the establishment of a Cotton Export Corporation.

W. P. Hobby, Governor of Texas.

R. L. VanZandt, Gov. Federal Reserve Bank of Dallas.

Geo. Waverly Briggs, Commissioner Insurance and Banking.

Fred S. Davis, Commissioner of Agriculture.

F. C. Weinert, Commissioner Market and Warehouse Department.

W. W. Woodson, President Texas Bankers' Association.

D. E. Lyday, President Texas Farmers Union.

Geo. W. Armstrong, President of Texas Chamber of Commerce.

Walton Peteet, Specialist in Cotton Marketing.

E. W. Kirkpatrick, President Texas Industrial Congress.

R. H. Stewart, President Dallas Clearing House Association.

W. F. Ramsey, Federal Reserve Agent.

LEGAL HOLIDAY TOMORROW NATIONAL DECORATION DAY

Better come down town this afternoon and attend to your business at the post office if you have any for they will be closed tomorrow, Friday May 30th. This is National Decoration Day and a legal holiday. "There will be nothing doing with Uncle Sam at the stamp window" says our big, jolly post master, Uncle Jeff Kemp. There will be no city delivery of mails and there will be no delivery of mails on the rural routes. Everybody will have a holiday that's employed by the government, and a few others.

Senior Activities.

The Senior girls enjoyed a banquet at the U. S. A. Cafe last Tuesday night. Three courses were served, and the table was very pretty in its decorations of sweet peas. The place cards were dainty flower maidens. Miss Harriet Henderson was toastmistress and she introduced the toasts as follows:

The Little Pink Bow—Miss Juanita Caldwell.

The Red Bow—Miss Elise Horstmann.

The Beau—Miss Esther Fielder.

The Beau Nots—Miss Louis Green.

The Rainbow—Miss Ruth Goddard.

After the dinner the party attended the Chautauqua where they met the senior boys and from there they went to Jim Coleman's where games and music were enjoyed. During the evening Mrs. Coleman served yellow and white brick cream and cake.

Rest Room For Visitors.

The ladies of the Civic League have secured for the convenience and use of the out of town visitors to the Chautauqua a rest room. This room is at the residence of Mrs. Dave Smith just across from the park pavillion.

Don't try to argue with Benjamin Franklin. He said: "Beware of small expenses; a small leak will sink a great ship." Just buy another W. S. S.

AMENDMENT ELECTION RETURNS IN MILAM COUNTY

From the accompanying tabulated report received from County Clerk Will T. Yates Wednesday afternoon, it will be seen that the prohibition amendment was the only one of the four amendments that carried in Milam county last Saturday:

For Prohibition	1772
Against Prohibition	1336
For Suffrage	1428
Against Suffrage	1686
Increasing Governor's Salary	925
Against Increasing Gov. Salary	2133
For Home Owner's Law	1240
Against Home Owners Lay	1804

Of the 46 boxes in the county, all but two—Milano and Ellison Ridge—have reported. No election was held at Salem and Kolb.

Christian Church.

Meet me at the Christian church Sunday morning at ten o'clock as this is the hour for our Bible study. If you are a member of the church or Sunday school make your arrangements to come. Don't you think its awful to be a slacker in the church of God? We need your presence and prayers. Preaching at regular hours. Visitors always welcome.

R. E. Roberts, Pastor.

The Priscillas With Mrs. Mangum.

The Priscillas met with Mrs. John Mangum last Thursday for their afternoon of sewing and chatting and quite a pleasant time was spent.

The house was beautifully decorated with different hued sweet peas, while ferns were used effectively. During the afternoon the guests were refreshed with the following salad course:

Chicken Salad
Tomatoes
Pickles
Sandwiches and Ice Tea

The plate favors were beautiful cape jessamines. Besides the Priscillas, Mesdames R. C. Knipp and Julian Baskin enjoyed Mrs. Mangum's hospitality.

Mr. Charlie Buttz and daughters, Misses Eva and Susie of Maysfield were Cameron visitors Wednesday.

Miss Juanita Stafford returned this week from her school in Lyons.

W. B. Shelton of College Station was in the city last Sunday.

After the Rains

You will need more Cultivators. We have a few John Deere Riding Cultivators at $65.00.

HARDWARE

Henne & Meyer Co.

Stores At ROCKDALE, CAMERON, THORNDALE, BUCKHOLTS.

CAMERON OIL & REFINING COMPANY

Weekly Bulletin

Our test well just out of the city on the Sam Brooks farm is progressing in a satisfactory manner. Our driller, Mr. Stitt, reports the well at 740 feet in depth and the drill passing through semi-hard sandy shales that are becoming more and more impregnated with coarse grained sand, which is a good indication that as the drill proceeds downward, it is expected that the sands will become coarse enough to carry oil.

Sales of stock in our company have been up to our expectations since our first announcement, and we wish to keep before the people of Milam county the fact that the purchase of shares with us is well justified by our plan of operations. We have a large acreage to which we are adding more and more select leases each week in which you as a shareholder, will participate as our operations progress. We are laying the foundation for a real Milam county enterprise that you will be proud to have been affiliated with.

There are some phases which at this time can not be gone into publicity, but rest assured that when the news comes out you will find it of added interest to our previously announced holdings and operations.

Our stock is a good buy for you—it is a home company operated by home people, they have been practical in laying the foundation for the success of their organization by getting practical men around them to engineer the work in the field. That work is more important than the money that it takes to execute the work and includes good practical drillers and our field development engineer who looks after selecting of leases on which we will drill in the future. We are doing everything from an engineering standpoint, except we can only ask you to come in and help with the financial phase over which only the people of Milam county at this time have control.

We do not anticipate that our stock will be on the market long at the price for which it is now offered to the public. Our assets are increasing faster than our liabilities and we expect to soon have some startling things to tell the people of Milam county but we want you to help us to make possible the result we will later announce to you. In the purchase of stock with us you must bear in mind that we are building for solid business and not to quit the first dry hole we get, but to manage our business on the same plan as the big oil companies and employ the same conservative methods as they employ. Send in your reservation today and be in with us when the news comes out that the well on the Sam Brooks farm has struck oil.

We have no sales agents to call on you, so we will be glad to have you call at our office and have us explain our proposition to you.

CAMERON OIL & REFINING CO.

By Wm. HENDERSON, President.

Pioneer of Milam Passes Away.

Last Thursday night at 9 o'clock at the residence of her daughter, Mrs. T. A. Pope, occurred the death of Mrs. Susan C. McCown, one of Cameron's oldest and most respected citizens.

Mrs. McCown was born in Lincoln county, Mo., October 5, 1835. With her father and mother, Mr. and Mrs. J. J. Turnham she moved to Texas in 1840 and in the fall of tha[illegible] they moved to the old McCown place just across the river from Cameron. In 1854 she was married to Mr. J. W. McCown and to this union ten children were born. Mr. McCown died many years ago and seven of the children preceded their mother in death, two of them, Mrs. T. J. Sampson and Robert McCown dying last year. Mrs. McCown is survived by two daughters, Mesdames T. A. Pope of Cameron and Vorney Reed of Holland and one son, S. R. McCown of this city.

Funeral services were conducted from the residence of Dr. T. A. Pope by Rev. R. E. Roberts, pastor of the Christian Church of which Mrs. McCown had been a member for many years. Many beautiful floral offerings were sent to testify the love and esteem in which this good woman was held by the people.

This death marks the passing of one who helped to make Milam county. Mrs McCown was a pioneer citizen and at her death she was perhaps the longest resident citizen of the county. For she came in the Indian days and had many experiences with the red men.

Besides her three children who survive her, Mrs. McCown had 21 grand children and 12 great grand children.

Social Meeting of the Ladies of the Presbyterian Church.

At the home of Mrs. R. D. Brown last Monday afternoon Mesdames Brown, MacFadyen and Jim Watson were hostesses for the women of the Presbyterian Church.

Quite a merry crowd of women came and the first part of the afternoon's entertainment was music on the Edison. Just before the giving of the selections which were religious hymns, different ladies told the history of the writing of the songs.

After this the floral contest was enjoyed and them the ladies matched the names of Bible characters for a season of conversation and refreshments which consisted of delicious cream and cake.

EXCEPTIONAL CAST IN "THE ONE WOMAN"

One of the features of "The One Woman," which Select Pictures will present at the Wonderland Theater on Tuesday, June 3rd, is the all-star cast. Every one of the persons in the cast of the picture has at one time been starred or featured with his or her own company. The story, adapted from the novel, "The One Woman" by Thomas Dixon, author of the "Birth of a Nation," will be presented upon the screen with the most exceptional cast of players, including the well-known English actor, W. Lawson Butt who will be seen in the role of Gordon; Adda Gleason, who will be remembered for her sterling interpretation of the role of "Ramona" when presented upon the screen about a year ago, as Ruth Gordon; Clara Williams and Herschel Mayall, who did so much as heroine and villain, respectfully, to make "Carmen of the Klondike" the success it proved to be, as Kate Ransom and Overman; Joseph J. Dowling as Van Meter; together with Mary Jane Irving and Ben Alexander portraying the sympathetic roles of the children.

Admission, Children 15 cents, Adults 25 cents.

Thad Epperson Honor Guest at Dinner

In honor of Thad Epperson who is at home on leave from his ship at Norfolk, Virginia, Walter Thomas gave an eight o'clock dinner at the home of his mother, Mrs. Geo. A. Thomas last Monday evening.

Twelve young men were the guests of the occasion. Since most of these young men had been connected with the army, the inspiration for the table decorations were gotten from this fact. Red, white and blue were the chosen colors and the center piece was formed of several U. S. flags. Bowls of blue larkspur on which were perched red birds were also used effectively on the table. The place cards also featured the colors.

An elegant five course repast was served in the midst of all this loveliness to the following young men: Messrs Thad Epperson, John Henderson, Price Cross, Lawless Green, John Fuens, Mike Coleman, Oscar Schiller Fred McGhee Paul Whitely, Ben Baskin, Geo. Childress and Walter Thomas.

During the dinner a toast was proposed to the guest of honor by Lawless Green, to which Thad responded in a most clever manner.

Resolutions.

To the Officers and Members of Cameron Lodge N. 56, I. O. O. F., Cameron, Texas.

We, your committee appointed to drafe resolutions in memory of our deceased Brother, Clyde L. Lewis, beg to submit the following:

Once again death has summoned a brother Odd Fellow, and the golden gateway to the Eternal City has opened to welcome him to his home. He has completed his work in the ministering to the wants of the afflicted, in shedding light into darkened souls and in bringing joy into the places of misery, and as his reward has received the plaudits "well done" from the Supreme Master. And

Whereas, the All wise and merciful Master of the universe has called our beloved and respected brother home, and he having been a true and faithful member of our beloved order, therefore, be it

Resolved, that Cameron Lodge No. 56, I. O. O. F. of Cameron, in testimony of her loss, be draped in mourning for thirty days and that we tender to the family of our deceased brother our sincere condolence in their deep affliction, and that a copy of these resolutions be sent to the family, a copy furnished one of the Cameron papers for publication, and a copy spread upon the minutes of the Lodge.

Will T. Yates,
W. T. Mowdy,
Roy Law,
Committee.

Presbyterian Church.

The Woman's Auxiliary had their first social meeting for the years on Monday afternoon. It was fine. Mrs. Jas. Watson was hostess.

The Sunday School has been especially encouraging the past few Sundays. Some class changes are being made, and we are expecting every day a new piano which will add much to our music. Sunday the usual service at 11 and 8:30. An interesting feature of the morning service will be the congratulation and greeting of the session and church to the boys and girls of the congregation who have graduated this year.

H. R. MacFadyen, Minister.

HAVE YOU BOUGHT ? YOUR ? THRIFT STAMP TODAY?
SAVE AND SUCCEED!

Being honest with everybody is costly but the paying method in the end.

Automobiles are not as expensive as airplanes, but who wants an airplane?

What is fame—can you tell who the French Premier was before Clemenceau?

Buying by price is a poor policy; quality comes first in all wise purchases.

The better the streets of the town the better temper the people will have in wet weather.

The trans-Atlantic aviators took their lives in their hands, and every one deserves complete success.

Chickens are a great gamble. It you don't believe it, try it out with a hundred baby chicks as a starter.

The world may be a lot better after this war but don't forget that there will be others.

We know a lot of people who expect good roads to grow in front of their places during the night.

The prohibition people call attention to the fact that 100,000,000 people live in the forty-five states which have ratified national prohibition.

By a vote of eight to one 130,000 telephone and telegraph operators have voted for a nation-wide strike which will tie up all communication.

Foch has been sent to the Rhine, ready for further measures if the Germans do not sign. But, they will sign—Ludendorf made that certain when he insisted upon an armistice in November.

A man in this county recently returned an "half acre" for taxation valued at $20. Investigation showed it was a town lot, and cost over $3,000. Tax-dodgers will get their's at the end of the world!

One Way To Help This Town.

You have never, in your life, seen a good town built up around a poor newspaper; the community that goes ahead is the one whose newspapers are ahead of the town, advertising an making a good impression for it abroad.

What our citizens think of their own city is of little consequence to a resident fifty miles away who is planning a change. He is influenced by what people out of the town say, These people are influenced largely by the newspapers they see coming from the town.

Boosting your home newspaper, helping it along will in many respects help the town. Every newspaper is an advertisement, and the boosts that it publishes about its home are just as effective as its strength among outsiders. Help it to grow.

"FLOWERS FOR THE LIVING"

The management of the Herald is glad to announce this week the addition to Mr. Russell Bonser to our force. Mr. Bonser comes to Cameron from his home in Comanche where he has spent a number of years in the printing business doing a general line of work. He will be connected with the job end of The Herald and his expert knowledge of the job art makes a valuable addition to our present efficient head man, R. E. Higgins, in this department, who is an artist in his work which he follows from choice and not by accident.

Mr. Bonser was accompanied to Cameron by his wife and they have come to make this city their home. For the present they have rooms at Mrs. Harvey Gandy's and are boarding at the Rookery.

The Herald joins in extending a hearty welcome to these new people and bespeak a long and pleasant stay. —Cameron Herald.

Mr. Bonser used to put the pep in the Comanche Vanguard and established a fame co-incident with that of L. B. Russell whose lurid remarks would light up the twilight sky. He has pitched his coin in a good camp when he gets going with the Cameron Herald.—Andrew McBeth in Temple Telegram.

Our townsman, Ben Loewenstein, Jr., went to Taylor Tuesday to attend the two day session of the convention of Retail Merchants Association of Texas. Mr. Loewenstein was on the program for an address Wednesday, the subject assigned him being, "Successful Advertising in Small Cities and Towns." Through his recent series of advertisements in which he "mixed it" with the mail order houses, Mr. Loewenstein has gained considerable fame over Texas as an ad writer and as a successful advertiser. Knowing his as we do, the editor is convinced that Mr. Loewenstein's address was both timely and interesting.—Rockdale Reporter.

It is the man who gets his schooling in the business of making money who feels like he has the hope that cannot be upset and Mr. Loewenstein has done what many another man might do if he cared to win a game that way—he has advertised in the local newspaper and made his ads as interesting as the love letters of a rookie to Mabel.—Andrew McBeth in Temple Telegram.

DUNCAN DOTS

Last week was a fine week for working, until Saturday morning when we had one of the hardest rains we have had this spring. Although we had rather see too much rain than not enough.

Mr. and Mrs. Jim Bartlett took their little son, Alva Lee, to the Temple sanitarium for treatment last week. He is doing nicely and will be able to come home in about three weeks.

Miss Willie Modesette has returned home from Bartlett where she attended school the past term.

Charlie Seaton has returned home from Tyler where he has been taking a business course.

The little daughter and son of Mr. and Mrs. Jessie Bartlett have been quite sick for the past week.

Hicks Garner took cotton to Cameron Monday.

Mr. and Mrs. Seaton gave a party Saturday night. Every one spent a pleasant evening.

Mr. and Mrs. Hicks Garner gave a singing Sunday night.

Mr. and Mrs. Ray Jenness were in Cameron last Tuesday.

Mr. and Mrs. Groffney Cravey and family of Rockdale are visiting Mrs. Dolph Dunham this week.

Little Dora Williams is visiting Edna Dunham this week.

Jack Dunham was in Rockdale Monday.

WHY NOT A NEWS ITEM?

"The dipping vat in the Maysfield community for ridding cattle of the Texas fever tick was dynamited and destroyed Sunday morning," says the Cameron dispatch in yesterday morning's Central Press News. Whatever may be the merits of the controversy thus exposed it made a news item, there is no doubt of that. A whole lot of persons hold to different ideas and opinions of a news item and there is room for argument, but the idea of this department of the Telegram is that a news item is a report of things that people talk about. One can very well imagine that the people talk about the dynamiting of that dipping vat. Perhaps it would be better for a newspaper to report the news concerning developments and not say much about that dipping vat, because there may be two sides to the discussion evidently going on down there and the newspaper would not gain anything by taking one side, whichever side that was because the newspaper would not know anything about how it all came up and sometimes things come up in a way that is not at all like it seems like it is on the surface and the man who dips an oar into the troubled waters gets the oar broken off and dosen't help anybody either You have seen it that way, haven't you? So, you see how it is. It was just a news item and nothing for a newspaper to talk about unless the newspaper knew the circumstances which no newspaper knows. So that is the reason why it is believed to be advisable not to comment upon the dynamiting of that dipping vat except to say that it was a news item and a newspaper certainly is bound to publish news items. Perhaps whoever did the dynamiting wanted the news published. Let us trust that he did for that is what happened. While on this subject it is with pleasure that we note one community which says the cattle are getting fat while being dipped for the eradication of the cattle tick. Perhaps conditions are better in that community than they are in other communities. There might be something in the weather there and the effect on cattle that are dipped. That ought to be a good cattle country and the people ought to get rich on the easy money made in raising cattle, which grows at night while they sleep.—Andrew McBeth in Temple Telegram.

When your market basket's heavy
And you think you're almost done,
Don't forget that sack of candy
You promised to take home.

You know the children watch for you
And meet you on the run,
So don't go back without that sack
And spoil all of their fun.

PALACE OF SWEETS

"Your Satisfaction Is Our Success"
STEDMAN & SHARPE, Props.

SAN GABRIEL GOSSIP

May 27th—Very heavy rains have fallen throughout Milam county this past week. In some vicinities the crops were badly washed and flooded but in our immediate neighborhood, we escaped with ordinary rains, both Saturday and Monday. But we feel now that we have plenty for several weeks and if 'twas left to the poor judgment of man, we'd ask for warm dry days for a while.

Most of the oatfields have been mowed and lie garnished today with the numerous shocks of the heavy and most bountiful harvest. Farm work is on a standstill for yet a few days since the rain of yesterday.

Mr. Wagner of Abiline has been a guest of friends in our village the past week-end.

Messrs Henry and Paul Graves of Lilac motored thru our hamlet Sunday.

Mr. and Mrs. Gus Newton and daughter, Miss Helen, of Thorndale, were outing in our community Sunday.

Lanham Clark has been on the sick list the past few days.

Dr. Kirkpatrick and family were thru here from Thrall Sunday.

F. M. Amason and wife spent the Sabbath with their daughter, Mrs. Bert Elliott in Thorndale.

In angling among the finny tribe in the San Gabriel river near the village Friday morning Mr. Tamp Johnson's hook tempted and procured for him a prize among the fish, it weighing 16 lbs., which was a beauty to behold.

Messrs Nowlin and Woods of Florence were business callers in San Gabriel last Thursday.

Mr. Grabine of Rockdale was a business visitor here Thursday.

Mrs. Maud Adams invited a host of little boys and girls to meet at her home last Saturday afternoon to help celebrate the birthdays of her son, Preston, thirteen years of age, and Miss Thelma Clark who is also thirteen. Quite a delightful afternoon was spent in music and various games and the most delicious cake and lemonade served by the hostess. Numbers of pretty gifts to each explained the friendship held by those attending.

John Applin of Lilac was shaking hands with friends here Thursday.

Mrs. Nettie Moseley left last Monday for San Antonio.

Rev. R. E. Roberts of Cameron filled his appointment at the Christian Church in San Gabriel Sunday.

Mrs. Zelma Phipps was trading in Thorndale Wednesday.

Miss Pearl Davis returned from Lilac this week where she has been for several days visiting her sister, Mrs. W. G. Cummings.

Miss Nettie Jocelyn is here from Orange visiting relatives. Since her arrival here her parents have moved to Aransas Pass.

Little Miss Florence Elliott of Thorndale spent the past week-end here with her grand parents, Mr. and Mrs. F. M. Amason.

The three little daughters of Dr. Lee of Thorndale were guests in the home of Malcolm Gilchrist and attended Sunday school in our village last Sunday.

We are glad to hold our head up and acknowledge the fact that San Gabriel and Ellison Ridge voting precincts contain enough real men to vote both boxes "dry" last Saturday.

J. W. Davis and family went to Thorndale Monday.

Mr. and Mrs. Joe Stigall were guests of Mr. and Mrs. Glenn Hutson in Thorndale Sunday afternoon.

A new baby makes happy the home of Mr. and Mrs. Bud Locklin this week.

The Quinine That Does Not Affect The Head

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE (Tablets) can be taken by anyone without causing nervousness or ringing in the head. E.W. GROVE'S signature on box. 30c.

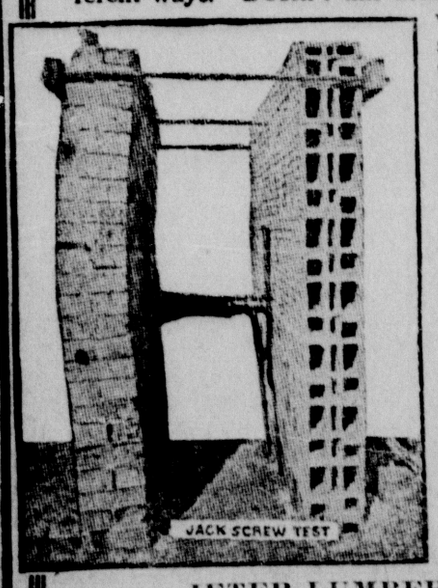

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, tetter, etc.—Adv. 18

Which Is the Safer Wall?

The brick wall cracked and gave way, while the wall of Interlocking Tile, built of the same thickness, at the same time, in the same manner, and with the same mortar, stood firm and straight.

INTERLOCKING TILE

has proven its superiority many times and in many different ways. Doesn't this actual test (in which the two walls were fastened together with steel rods, and the pressure of a powerful jack exerted equally between them until the brick wall broke down), indicate that Interlocking Tile is the material YOU should select for the Business Block, Factory, Garage or Home YOU intend building?

Interlocking Tile is durable as well as strong. It builds Fire-Proof, Damp-Proof, Temperature-Proof buildings and is inexpensive—to buy and to build with. May we tell you more about it?

Grove's Tasteless chill Tonic

destroys the malarial germs which are transmitted to the blood by the Malaria Mosquito. Price 60c.

SAN GABRIEL GOSSIP

(Delayed from Last Week)

May 20th.—For the past several weeks rains have paralyzed business in this part of Texas. But our community has suffered less than some others, as no storms have appeared with their devastating and destructive power. Workers sit idle to their prinnipal vocation, but if we'll recall that our seasons are sent by an Allwise and that the rains are giving us the seasoning that insures the best crops imaginable, we can persuade ourselves to be optimistic.

The pessimism which the rain has brought upon us can be dissipated under the tutorage of a cheering sun for which just one day of fair weather there's a lessening of the tension and at once traces are seen of things soon to become normal again.

Mr. and Mrs Olyn Moseley of Thorndale were with their parents, Mr. and Mrs. Bill Jones a few hours Sunday.

Bert Elliott and family motored over from Thorndale for a brief visit in the the home of their parents, Mr. and Mrs. F. M. Amason in our village Sunday.

Miss Mary Camp was at home from the State University for a few days this week.

Bill Griffith returned Friday from France. He was in the Rainbow Division and did valiant service while overseas. Greetings from friends were accepted at a dining in the home of his parents Sunday.

Will Maddox and wife were trading in Thorndale Wednesday.

Walter Felton spent Friday in Taylor and while there repaired his car with a new top.

Mr. Ed Kirkman has had the misfortune to lose four head of cattle with black leg the past week. Since then he has had his herd vaccinated against this disease.

Mrs. Jesse Moore gathered into her home a number of intimate friends to enjoy the luxurious dinner that had been prepared surprisingly, in honor of the birthday of her eldest daughter, Mrs. Fred Stigall, last Sunday.

Messrs Tom Felton, Sr., Geneathe Felton returned Monday from a few days stay in Temple and Bartlett.

Messrs Ernest Dunnington and Hunter Duncan with young lady friends motored thru our village from Rockdale Sunday afternoon.

Mr. Jackson of Taylor was doing business in this vicinity Monday.

Baby Walter Felton has been listed with the community sick for a few days.

Rev. M. A. Darby of Thorndale filled his appointment at the San Gabriel Baptist church here Saturday evening and Sunday.

Mr. and Mrs. Wiley Sanders and children were thru our berg from Thorndale Sunday.

Dell McNiel and family of Rockdale spent awhile with relatives here Sunday afternoon.

Misses Lola and Ruth Kirkman were shopping in Thorndale Saturday.

The list of returned soldier boys was increased another member by the arrival home of James Clark, Jr., from France last Saturday. Jamie has always been an interesting talker and just now he is treating his village friends with his descriptions and answers to a chain of questions we've had [illegible] minds to know.

J. R. Foster and wife of Rockdale were Sabbath guests in the home of J. S. Woodys and family.

Mrs. Nettie Moseley left Monday for a visit to friends in San Anton[illegible]

Dr. Roepke was out from Thorndale Monday.

Mr. and Mrs. Elmer Ou[illegible] were in the Tracy community Sunday afternoon.

Messrs J. D. Griffith and John Morris were visitors in Austin and San Antonio last week.

W. S. Glasscock and wife returned from Marlin last week.

John Worley went to Salty Monday.

John Woody attended business in Thrall Thursday.

Messrs Elbert Felton and Elmer Outlaw were visitors to Cameron one day last week.

Mrs. Edna Felton and little daughter, Augusta, were in Union Ridge community Thursday.

TROUBLES COST HIM A FORTUNE

Texas Farmer Suffered For Fifteen Years—Is Relieved by Tanlac.

"A few bottles of Tanlac have done me more good than other medicines and treatments that cost me a small fortune," said C. C. Fisher, a prosperous farmer living at Irving, Route 1, a few miles from Dallas, Texas.

"For fifteen years," he continued, "I suffered so terribly from stomach trouble that I thought I could never get well. Everything I would eat went back on me and I would belch up my food so sour that it would nearly strangle me, the gas on my stomach would press on my heart so as to cause it to flutter and I would have the hardest time getting my breath. I was really in such awful condition that I felt like I had about got to the end of my row.

"But I feel now like I am good for many years yet, for Tanlac has fixed me up so I can eat everything without any bad after effects and since gas has stopped forming in my stomach I am not troubled with palpitations or shortness of breath. I have gained six pounds already and am working hard on my farm every day now and am glad to recommend Tanlac for the wonderful way it helped me."

Tanlac is sold in Cameron by all the leading druggists.

Rub-My-Tism is a powerful antiseptic; it kills the poison caused from infected cuts, cures old sores, tetter, etc.—Adv. 18

Hundreds of Thousands of WEBSTER'S NEW INTERNATIONAL

DICTIONARIES are in use by business men, engineers, bankers, judges, architects, physicians, farmers, teachers, librarians, clergymen, by *successful men and women the world over.*

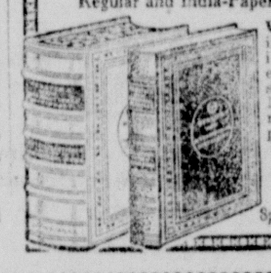

Are You Equipped to Win?

The New International provides the means to success. It is an all-knowing teacher, a universal question answerer.

If you seek efficiency and advancement why not make daily use of this vast fund of information?

For Weak Women

In use for over 40 years! Thousands of voluntary letters from women, telling of the good Cardui has done them. This is the best proof of the value of Cardui. It proves that Cardui is a good medicine for women.

There are no harmful or habit-forming drugs in Cardui. It is composed only of mild, medicinal ingredients, with no bad after-effects.

TAKE CARDUI

The Woman's Tonic

You can rely on Cardui. Surely it will do for you what it has done for so many thousands of other women! It should help.

"I was taken sick, seemed to be . . . ," writes Mrs. Mary E. Veste, of Madison Heights, Va. "I got down so weak, could hardly walk . . . just staggered around. . . . I read of Cardui, and after taking one bottle, or before taking quite all, I felt much better. I took 3 or 4 bottles at that time, and was able to do my work. I take it in the spring when rundown. I had no appetite, and I commenced eating. It is the best tonic I ever saw." Try Cardui.

YARRELTON VOTES FOR GOOD ROADS

$50,000.00 Bond Issue Carried Last Saturday By Overwhelming Majority.

To the tune of more than 6 to 1 was the hymn sung at the ballot box in the Yarrelton road district last Saturday. The vote was 25 for good roads with only four against. This means that the enterprising citizens as well as the four not quite so enterprizing, will have a good road to market their products in Cameron, or as for that matter, anywhere they want to market them.

The road that will be built by this bond issue will be as follows:

Beginning at Wakaty and running to Yarrelton and from there to the Belton Crossing. From Yarrelton to the Marak road district line on the Waco crossing road. This will connect with the North Elm and Marak good road district, which have already voted bond issues and will connect with the good roads that lead into Cameron.

COM. BUTTS IS DOING FINE WORK

Found On The Job At All Times And Is Expending Money Where It's Needed.

Commissioner N. H. Butts of the Cameron precinct is placing himself in a position to receive the thanks of every voter in the precinct. He is continuously on his job and looking out for a place to spend the people money where it is most needed. His attention to the county's business is all that it should be and he is alert to everything that will benefit the public.

Under his direct supervision a force has been at work the past two weeks on the pike road leading east to the McCown bridge. This road is being resurfaced and put in first class condition.

CONCRETE ROAD TO BE REPAIRED

Stretch Of Bad Concrete Through Little River Bottom Will Have Attention.

The Commissioners Court of Milam county will call for bids this week for the repairing of the long stretch of concrete work on the Cameron-Tracy road which runs through little river bottom. This piece of work lies between Cameron and the Holtzclaw Bridge and is badly in need of repair. This work will be under the supervision of the county engineer, Mr. A. S. Mitchell.

SMITH COUNTY VOTES MILLION AND HALF IN ROAD BONDS

Tyler, Texas, May 24.—Smith county voted five to one today for the road bond issue of $1,500,000. Rain kept hundreds away from the polls. Only a few boxes have not reported and they will not change the result..

No battery has yet been offered to the American public which will give such large returns in the way of capacity, efficiency and long life to the owner who takes good care of it as the Still Better Willard. 4

MUD DOSEN'T STOP THE LITTLE FORDS SON

Despite the mud and rain the Fordson tractor owners around Cameron are running their binders day and night in an effort to save the bumper at crop.

Chambers-Hefley Motor Company report a big demand for tires and tubes since the big drop in prices.

WILL WIDEN ROAD FOR HIGHWAY

Committee Engaged Securing Agreement In Port Sullivan and Branchville Districts.

The Branchville and Port Sullivan good roads committee is engaged this week securing an agreement from the various land owners in that district that they will remove their fences a sufficient distance back to make a fifty foot road through this section. The State Highway Commission demands that a road of this width be furnished before they will allow money appropriated to be spent on same. The committee reports that no difficulty is being experienced and that the signature of every land owner will be secured.

This road is the designated connecting highway between the Temple-Austin and Waco-Houston State roads and an appropriation in that section of $20,000 has been granted.

RAINS DAMAGE THE ADD HALL ROAD

The recent heavy rains have done considerable damage to the Add Hall pike, but it is reported that same will be repaired as soon as possible and put in first class shape.

1612—Mrs. J. D. Johnson, Route 1, Maysfield, Hupmobile.

FLORIDA TO COLORADO HIGHWAY

The following communication has been handed the Herald for publication which is of much interest to Milam county as this highway will run parallel with the Santa Fe through the county:

Hon. W. G. Gillis,

Cameron, Texas.

Dear Sir:

At the recent Good Roads Convention held at Mineral Wells, an organization was formed with the object of developing a highway from Florida to Colorado, taking in Houston, Brownwool, and Amarillo, the route of the Santa Fe Railroad from Houston being tentatively adopted. A meeting has been called for June 9th, at Brownwood, to ratify this action, and we have pleasure in extending you a cordial invitation to be with us on this occasion to support the points along the Santa Fe route in having the highway designated along the lines suggested.

It is very possible that strong competition may develop for inclusion in this highway of many important points east and west of the Santa Fe Railroad, and it is of the utmost importance that a strong delegation from your county be present at Brownwood on June 9th to support the plan of the originators of this highway.

We would urge that every effort be made to awaken interest in the project in your local newspapers, and that we be advised at the earliest possible moment of the number of delegates we may expect to be present from Milam county, so that adequate preparation may be made for their entertainment while in Brownwood.

We desire to urge the necessity of strong representation at this convention from every point along the route tentatively adopted, so that it may be confirmed, and a splendid highway be designated through Central Texas to connect the great summer and winter resort sections of the west, with resultant benefit to every point along the route at every season of the year.

Remember the date—June 9th, at Brownwood, the Convention City of Central Texas.

Yours very truly,

The Chamber of Commerce,

J. W. Dunn, Secretary.

ESSEX PROVES MERIT AVERAGING 23 MILES TO GALLON IN TEST

"The Essex" which has been creating so much comment in automobile circles recently, has added another achievement to its record by averaging 23 miles to the gallon of gasoline in a 115 miles test in San Francisco," according to an official of the company.

"This performance is all the more notable because of the fact that immediately after the economy test the same car was driven over the steep California street hill in San Francisco, being the only four-cylinder car which has ever accomplished this feat.

"Both these tests were made with the car filled with newspapermen who acted as observers. The start up the hill was made at Battery street, and the trip ended at the Fairmont hotel.

"At the close of the test the differential was removed to verify the fact that a stock gear ratio was used. In fact, it was not only a stock car throughout, but it had just been received from the factory. All brand new cars are slightly stiff, and it is not until they have been run several hundred miles that they develop their utmost power and efficiency.

"In considering the meaning of the feat of covering 23 miles on a gallon of gasoline, it should be remembered that the motor of the Essex, although it is only 29 inches in length overall, develops more than 50 horsepower.

These two performances taken together prove that in the Essex efficiency has been obtained without the sacrifice of any other element essential to the car."

The Essex car has made its appearance in Cameron. It will be distributed by Miss Winnie Henderson and Mr. B. P. Atkinson under the firm name of Henderson and Atkinson. This firm has a contract for the sale of this wonderful little car in Milam county and is ready to furnish demonstration. Their announcement appears in this week's issue of The Herald.

WASHING THE CAR

How It Can Be Done Easily And Effectively.

Car washing is still an unpleasant experience with some motorists. They dislike the use of soaps containing alkili and other things that destroy paint luster. They object to the great waste of all soaps that do not dissolve freely, resulting in 75 per cent remaining useless at the bottom of the pail. They are disinclined to use separate compounds for washing and polishing. Least of all do they like the idea of working laboriously with soaps that do not act quickly.

There is really no need for worry or trouble in this score. The new liquid auto wash, Kantmar, a guaranteed product of the Woodtite Laboratories, makes car washing simple, easy and quite unobjectionable. Kantmar is a liquid preparation in highly concentrated form. An astonishingly small quantity instantly distributes itself evenly and thoroughly in a bucket of water—something no soap ever does, and it knocks stains, dirt and grease like magic. As the name implies, Kantmar is absolutely harmless to the most delicate surfaces, be it the finest varnish or your own hands. Kantmar is at once the cheapest and most effective auto wash available today, and the Woodtite people, as well as the public, are to be congratulated on its discovery.

Year after year 85 per cent of all electrically equipper makes of cars specify Willard Storage Battery as standard equipment. It has given satisfaction to over a million and a half car owners.

CHEVROLET EMPLOYES HAD LARGE FORCE IN SERVICE OF COUNTRY

There were enough men in the military service from the Chevrolet Motor Company's plants throughout the country to make a full war strength ammunition train, regiment of field artillery, two battalions of infantry, two companies of engineers and one aero squadron. A great many of these have returned to the employ of the company; but there are still hundreds of Chevrolet employes in the army and navy, serving as ranking officers or enlisted men.

Chevrolet men were scattered throughout the entire service. There were a number in the Ninety-first division. The One Hundred and Forty-third field artillery had a good representation from the plant of Oakland. The Motor Transport Corps various ambulance units, signal corps and the air service all had men from the plant, many of whom are still in uniform. One of the first to go and still in the service is Sergeant Dix Pierce, who in pre war days was secretary to R. C. Durant.

CHEVROLET

For transportation the automobile has proven its economy and its convenience. It saves time. It same energy. It gets you there and back quickly and comfortably.

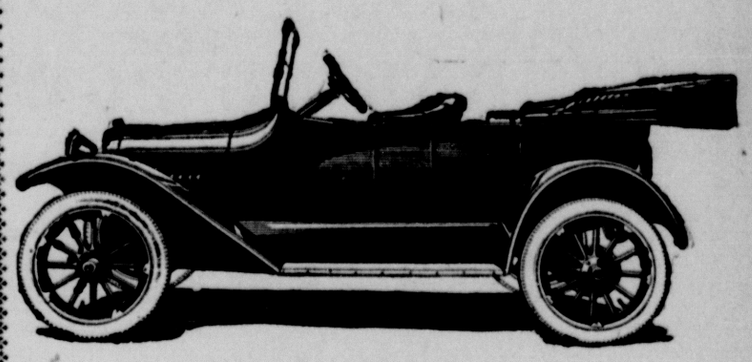

With a Chevrolet "Four Ninety" Roadster you can save more than time and energy—you can save money. Here is a car that costs very little to operate. Its frugal with fuel and saving on tires. And yet it will satisfactorily fulfill every requirement that could be expected of an efficient, dependable motor car.

Come in and let us explain HOW and WHY Chevrolet transportation will give you maximum service at minimum cost.

WHAT TO KNOW ABOUT A BATTERY

Question: What are a few of the things a car owner should know about his battery?

Answer: First—A car owner should know that the action of a storage battery is electro-chemical and not mechanical. Except in the case of a "bone dry" threaded rubber battery, it begins to wear out as soon as it is made.

Second—A storage battery is not a primary source of electrical supply, but can only give out a certain percentage of the energy that is put into it.

Third—Wood insulators in wood insulated batteries will wear out and if the battery is reinsulated before the insulation breaks down completely and before any material damage is done to the plates on account of short circuit, the life of the battery will be prolonged considerably.

Fourth—Every car owned should know his nearest Willard Service Station dealer, should have a filling and testing card and should avail himself of the Service Station dealer's free consulting service. If this is not practical, he should provide himself with a hydrometer and add distilled water and make hydrometer tests at regular intervals.

NO COMMERCIAL CLUB MEETING FRIDAY NIGHT

In the write-up of the Commercial Club directors meeting this week it will be found where the general meeting of the club for Friday night, May 30, was postponed owing to the fact that the Chautauqua will be in session and the graduation exercises of the Cameron High School will be held at the high school auditorium.

Don't try to argue with Benjamin Franklin. He said: "It is hard for an empty bag to stand upright."

Just buy another W. S. S.

Business Is Good And Getting Better

Every time we sell

A FORD CAR
A FORD TRUCK
A FORDSON TRACTOR

Or any other FORD PRODUCT our opportunity to sell more increases. The use of FORD PRODUCTS is their best advertisement. FORD PRODUCTS are no experiment. We do not have to apologize for their failure or inefficiency. They are a success and are as efficient as can be built. Their price is a joke compared with others not as efficient. Our advice to you is BUY FORD PRODUCTS.

GENUINE FORD PARTS FOR ALL FORD PRODUCTS Is Our Slogan. The Ford Service Department has devised and put into operation a plan by which the parts and service can be had everywhere, but we have and maintain the most up to date and efficient FORD SERVICE STATION to be found anywhere. We have it manned by mechanics who know their business and take pride in it. We are prepared for and solicit your patronage.

We also keep at all times a full stock of AUTO ACCESSORIES which are sold at "Live and Let Live prices." If you are in need of anything in this line, we guarantee you prompt and courteous treatment.

If it is Batteries that is your trouble, we want to say that if you want the best battery made, we have it—THE EXIDE—the battery that is used more extensively, and more satisfactorily than any other (and by the way) is used in the NEW LIBERTY STARTER, with which the FORD CARS are to be equipped.

Our EXIDE BATTERY SERVICE STATION is complete in every respect and manned by a battery expert who will give your battery, no matter what make, his most careful attention.

We thank you for your time and attention to above.

Chambers-Hefley Motor Co.

STORAGE BATTERY **Willard** SERVICE STATION

YOUR BATTERY'S DIFFERENT

There is one part of your new car that is different from all the rest—your battery.

For storage batteries are chemical—not mechanical.

The time to begin taking care of that battery is the first day that you get your new car. If you do this, your batery will not only last longer, but it will give you better service as long as it is in use.

So when you buy your new car, the very first thing to do is to come to us for full instructions. We will register your battery, and at the same time will be glad to give you a copy of the booklet, "Willard Service and You."

MILAM COUNTY BATTERY COMP'Y.

KINDERGARTEN HELPS FOR PARENTS.

Our All-The-Year-Round-Garden Family. Ally, Di, Sonny, Johnny and William.

By Ellen Eddy Shaw, Curator, Brooklyn Botanic Garden.

Ally, Di, Sonny, Johnny and William. It is lovely to have a big family, isn't it? The summer flower family is a great big family, oh, so much larger than just the few children of the other seasons. I think any boy or girl can see why it is easier to have a big family in summer. It is because then you can keep them all outdoors, and in the other seasons of the year you have to have the children in the house. You know how it is!

Now, who are these children called Ally, Di, Sonny, Johnny, and William? I will tell you all about them. Ally is the nicest little girl you ever saw and never causes any trouble. Mother buys you a small package of dwarf sweet alyssum seeds, as sweet alyssum is our little Ally, and you place the seeds one by one about an inch apart, and one-half an inch deep in your garden bed. By and by up will come little plants, and they will grow about six or eight inches high. In five or six weeks Ally will have a white blossom just like a little white head.

When it gets toward the middle of the summer give Ally a hair cut. Cut little Ally down within two inches of the ground and what do you suppose will happen? She will come up again and will have her same little whit ehead all through the fall!

Who is Di? Di is also a girl, but she is larger than Ally. Her long name is Dianthus, and sometimes we call her pink. Di is an old fashioned child. You plant the seeds of dianthus just as you did those of sweet alyssum, but dianthus grows much taller and has a pink blossom, or a white one, and smells as sweet as can be.

Sonny, sometimes called sunflower, has great big seeds. You pick one up very carefully and you plant it an inch deep in the ground, and you plant another one a foot away. By and by up grows this big, strong boy, and later on in the summer Sonny has a yellow head—a huge yellow head with a Dutch hair cut. Now just you watch and see!

Johnny is a different kind of boy from Sonny. He is a quick little chap, sometimes called little "Johnny-Jump Up," and by some people called Pansy. But I like the name of "Johnny Jump Up" best, don't you? Ask mother to buy you some pansy plants and as they blossom, pick the blossoms as fast as you can because then you will hace more and more. I think "Johnny-Jump Up" is one of the smartest of our children.

We have one child left in our summer flower family, William. Sweet William is a slow boy. He is so slow that he generally refuses to have any blossoms at all until the second summer, and so you have to wait a whole year before you see his face. Plant Sweet William seeds just as you did the sweet alyssum, and the plants will come up in the spring, but he probably will not have any.

Before Jack Frost arrives, gather lots of dry leaves and cover your Sweet William and Pansy plants all over, laying a few sticks on top. Next spring up will come Pansy and Sweet William, and lo and behold, Sweet William will have a blossom, sweet in odor, and as soft as a velvet cushion.

Do you like these children? I do. Then do not forget to have one or more children this summer. You can choose Ally, Di, Sonny, Johnny, or slow little William. Which one are you going to have?

If you are a little city boy or girl and have no outdoor garden, you may plant all of these summer children except Sweet William and Sunflower in a box. Sunflower is too tall and Sweet William too slow, but Ally, Di and Johnny will blossom just as well in a window box as in a garden.

Help to reach all the parents of the county by cutting this out and passing it on to a friend.

Piles Cured in 6 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure Itching, Blind, Bleeding or Protruding Piles. Instantly relieves Itching Piles, and you can get restful sleep after the first application. Price 60c

Calomel Today! Sick Tomorrow! I Guarantee Dodson's Liver Tone

Don't take nasty, dangerous calomel when bilious, constipated, headachy. Listen to me!

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

OIL LEASE BLANKS

Form88—Producer's, Texas Standard, in stock, 50c per dozen. Phone or write ROCKDALE REPORTER, Rockdale ,Texas.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS Chill TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS Chill TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS Chill TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS Chill TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

PREMIER CONCERT ARTISTS

Will give a program of vocal and instrumental music at the Chautauqua. Everyone is an accomplished musician, organized under the personal supervision of Chas. F. Horner.

MINERVA MINUTES

(Delayed from last week.)

Attend to your own business and let others do the same, but what if your business is attending to other people's business—then what? Let us not be too hard on the Minerva gossipers. We can be just as happy and then can go faithfully on in their pleasure and pursuit. After all maybe they are one of the necessary evils. If they are on the inside tract the pursued will stop and look out for means of escape; if on the outside, they go merrily on their course, unharmed. So don't condemn the place. Just recognize that some of our people have a new profession and are intent in establishing a social clean up law.

We are glad to see the family of Mr. Lanham enjoying their car, Children of the rural districts can get more real pleasure out of a car than any other source of amusement and after all, it is for the children we live.

We have received news that Mr. Buford Sanders, a Minerva grown boy, will soon be at home in Cameron with the wife he has taken unto himself. We know Buford to be a Bible student and was glad he found it was not good for man to live alone, and think Mrs. Buford will be glad also. Minerva wishes them to have a long, useful and happy life.

Mr. and Mrs. J. C. Wallace returned home from Temple Saturday accompanied by Miss Estelle Wallace.

Mrs. J. C. Frother joined her daughter, Mrs. L. W. Cone, in Temple Thursday. Mrs. Cone had a serious operation performed in the Temple sanitarium Saturday and is doing as well as possible under existing circumstances.

Miss Carrie Belle Moore received a painful cut in her wrist last week. Miss Carrie Belle thinks a "miss is as good as a mile," the cut going between a tendon and vein so will not amount to what it might.

A number of Minervans attended a debate at Bethlehem Saturday night We understand the debate was on the New Constitution.

Mr. and Mrs. Clinton Henry of Rockdale visited Mrs. Henry's father, Mr. J. M. B. Williams Sunday.

Mr. Tom Whites and wife were visiting in Minerva Sunday.

Mr. and Mrs. Sam Deer will soon be riding in the new Ford car they have ordered.

A crowd of both old and young people from Minerva attended singing convention at Forest Grove Sunday. They say the crowd numbered several hundred and the singing a great success.

Mrs. Carl Ferguson and baby daughter returned to their home in Fort Worth last week.

Miss Ha Jacobs is visiting in Fort Worth.

Leslie Palmer and Roy Terry, two of our over-seas boys have just returned home. Are our boys really improved by the service to Uncle Sam or do they just seem so to us? Either was it is well. We hope their improvement is their little sweet, that went with their terrible bitter.

Mr. and Mrs. Bob Terry are sure their investment in a baby girl May 20, is the best they have ever made. Little Francis Etta's life will be a heavy rate of interest on said investment.

Drs. Hubert and Newton were looking after oil interests in Minerva Monday.

—o-o—

The Dallas News says that it is necessary for a place to be a place to have a "Municipal Trade Mark" as "Boston Baked Beans," etc. (These trade marks should be selected according to the special industries, historic buildings, natural land marks or anything peculiar to that place alone. So of course Minerva must have one. Our industries are too varied, we can't select from these, we have no historical building, nothing in our natural scenery but Little River and the "Little" kills that. So our site furnishes the idea "The Link" (but not the "missing link".) And as a "chain is as strong as it weakest link" in justice to Rockdale and Cameron we must realize our importance.

Mr. and Mrs. Buford Sanders and Miss Gena Sanders spent Sunday in Minerva.

Mr. L. W. Cone returned to Temple Sunday to visit his wife in the Temple sanitarium.

Lee Wallace made a trip to Waco Sunday.

Mrs. W. A. Robinson, president of the Woman's Missionary Society represented Minerva in the District Conference held in Cameron last Thursday.

Rev. R. O. Weir's sermon Sunday morning on the centenary move started a belated, but we hope a successful centenary drive in Minerva.

Misses Mabel and Katie Sue Hinds of Thorndale were welcome visitors in Minerva Monday.

Mr. and Mrs. McFarland's sister spent the week with them.

It wouldn't do for some of us to be preachers or we would preach more often on the text, "Fear God and keep His commandments, for this is the whole duty of man," with a long drawn out emphasis on the "fear." When the love of God fails to seat empty benches of the rural churches it is time to try the Bible's slipper and see if it won't have the desired effect.

Minerva is in sack cloth and ashes this week as it is robbed of the presence of Mr. J. C. Wallace while he is detained on the jury in Cameron.

Mr. J. L. Smith left Monday to make a short business trip to San Gabriel.

Mr. and Mrs. Gilbert McCollom spent Sunday in Cameron with their sister, the Misses Marshall.

There are several more sick babies in the community. The city cry of a few years back "Save the babies" should be changed in the country of fruit and vegetables to "Watch the babies" and don't let them get in the condition to be saved.

Of course the prohibition amendment with its twin sister, Suffrage, passed in Minerva. It should be so easy for everyone to adopt the idea of woman suffrage. We should think of it as a family affair. Just as the mothers' hand is the one to establish the fundamental laws of a little ones life and fathers strength and masculine qualities make them stick, so the woman is needed in, lets say, establishing baby laws, and in the final rush and push of the divers ways of politics, let the man make them stick.

Anyway it has been
A long, long time a coming
To the land of their dreams,
But now the hubbies will be humming
And see as they are seen, etc. (with apologies to the beautiful song.)

—o-o—

Order The Herald delivered to your residence. It gets there earlier.

Symphony Club.

Miss Rose Rischar entertained the Symphony Club last Saturday afternoon at the home of Mrs. S. M. Burns, Jr.

Wagner was the study for the afternoon and the following delightful and instructive program was carried out with Miss Rischar as leader:

The Children's Chorus—Misses Katy Cone and Juanita Caldwell.

Life of Wagner—Mis Ruth Rose.

Duett—From Die Walkure—Mrs. R. J. Jeter and Miss Rischar.

Wagner, the Man of Contradictions—Mrs. Henry Sapp.

Arrest of Wagner—Mrs. T. C. Stafford.

Should the Operas of Wagner be Debarred?—Mrs. Roy Baskin.

The Story of Lohengrin—Mrs. T. S. Henderson.

Elsa's Dream and the Swan Song.—Mrs. R. P. Jeter.

Introduction to Act 3 of Lohengrin—Misses Goddard and Rose.

O Thou Sublime Sweet Evening Star.—Mrs. Tucker.

Fantasie—Mrs. R. P. Jeter.

After the program Miss Rischar assisted by Mesdames Burns and John Dobbins served frozen strawberries and angel food cake. The favors of the afternoon were bunches of sweet peas. Miss Rischar's guests were: Mesdames T. S. Henderson, U. S. Hearrell, Boyd Wells of Austin, W. O. Newton and John Dobbins and Misses Katy Cone, Juanita Caldwell and Winnie Henderson.

—o-o—

Teachers' Examinations.

An examination for teachers certificates of all the grades will be held at the postoffice building in Cameron on June 6 and 7. The examination will commence at 8:30 a. m. Applicants will secure uniform paper from the Board of Examiners but should bring with them pens, ink and blotters. The usual fee of $2.00 will be charged each applicant. Questions will be based on the 1918 course of study.

Sheriff's Notice Of Bond Election In Oakville School District No. 32.

THE STATE OF TEXAS,
COUNTY OF MILAM.

Notice is hereby given that an election will be held on the 21st day of June, 1919, at Oakville School House in Common School District No. 32 of this county as established by order of the County Board of Trustees of date the 7th day of April, 1919, which is recorded in Book 1, Page 44 of the book designated "Record of School Districts" to determine whether a majority of the legally qualified property taxpaying voters of that district desire the issuance of bonds on the faith and credit of said Common School District in the amount of $3,000, the bonds to be of the denomination of $150.00 each, numbered consectively from 1 to 20, both inclusive, payable 20 years from their date, and bearing 5 per cent interest per annum, payably annually on April 10th. of each year to provide funds to be expended in payment of accounts legally contracted in constructing and equipping a public free school building of wood material and purchasing a site therefor within said district, and to determine whether the Commissioners' Court of this County shall be authorized to levy, assess and collect annually while said bonds or any of them are outstanding, a tax upon all taxable property within said district sufficient to pay the current interest on said bonds and provide a sinking fund sufficient to pay the principal at maturity.

W. B. Minor was appointed judge of said election and he shall select two judges and two clerks to assist him in holding the same.

All persons who are legally qualified voters of this state and county and who are resident property taxpayers in said district shall be entitled to vote at said election.

Said election was ordered by the County Judge of this county by order made on the 27th day of May, A. D. 1919, and this notice is given in pursuance of said order.

Dated the 27th day of May, 1919.

"THE ONE WOMAN"

By Thomas Dixon, author of "The Birth of a Nation"

Do you believe in socialism? Yes or No? See One Woman.

Makes you laugh and and cry, thrill and shudder, and leaves you something of vital importance to think about.

Would you be as forgiving as "The One Woman," who with open arms takes back the man who has divorced her and ruined her life?

A worthy successor to the "Birth of a Nation" written by the same author.

A story of life, love, religion and politics. Don't fail to see this show.

Prices Children 15c Adults 25c

FOLKS are a heap like tobacco. Thar's hot-headed, bitey folks. Thar's flat, uninterestin' folks. An' then thar's folks like Velvet—mild, but hearty an' fren'ly, too.

Velvet Joe.

Velvet

THE FRIENDLY TOBACCO

"Friendly" is a very good word to describe the positively pleasing quality that sets VELVET tobacco apart.

There is that indescribable something about VELVET that is associated in men's minds with the thought of a friend.

It is a satisfying smoke—never harsh; without a bite. Like a friend it "agrees" with you no matter how much you use it.

Long, patient ageing—in wooden hogsheads—does it. Friendship must ripen *slowly*. Good tobacco the same way. An army of men have learned this through VELVET.

Today is a good time to get a lot of comfort out of a pipeful of friendly VELVET.

Liggett & Myers Tobacco Co.

Roll a VELVET Cigarette

VELVET'S nature-aged mildness and smoothness make it just right for cigarettes.

Cam-Hi Weekly News

Edited by the Students of the Cameron High School.

Editor-in-Chief.....Jack Logan
Assistant Editor—Mildred Chambers.
Senior Editor.....Homer Peel
Junior Editor.....Henry Tracy
Sophomore Editor.....Lee Howell
Freshman Editor.....Mary Joe Harian

A Summary of the Cam-Hi Weekly News.

This is the last edition of volume one of the Cam-Hi Weekly News, and also the last edition under the present editors. The establishment of this paver was suggested and urged by Mr. J. N. Crawford, soon after his arrival here as principal of the high school, the first publication appeared in the city papers on February 6. 1919. Since then, the paper has been edited by two different editorial staffs, and we feel sure that during the whole time, the paper was a success and a credit to the school.

We feel certain also, that since the paper has been well established, the students of Cam-Hi next year will not allow its failure or consent to the removal of its mouthpiece.

The literature of the day is largely composed of newspapers and periodicals, and these exert a controlling influence on the trend of the nation's thought. It is also by them that the city or town is known. The more progressive the town or city is, the more good newspapers it is able to boast of.

The same is true of a school. In order to be progressive, it must have some way to inform the public of its activities and a newspaper like Cam-Hi has maintained is the most effective and desirable means. The Cameron Herald and the Milam County Enterprise, both kindly consented to publish this news each week, free of charge, and the school is very grateful to them for their aid. There may come a time in the future; when the size of Cameron will require that the above mentioned weekly papers will have to become dailies, and when Cam-Hi will have expanded so that it will be great and mighty enough to require a regular weekly paper of its own; but until then we should like to see a continuation of the present arrangement between Cam-Hi and the two city newspapers.

Among the first of the activities of the high school next year, should be the reorganization of its newspaper. There should be an election of editors as soon as possible and a launching of the second volume by the second week of school. This year, because of the time of the establishment of the newspaper, the editors were not elected for a definite length of time; but next year, it would be advisable to elect each staff of editors for one school term of nine weeks, and make each member eligible for reelection. Thus more students would be given a chance to hold the office, and yet it would be possible to retain the same staff, if its members desired to serve again and if the student body was satisfied with their work.

In selecting an editor-in-chief the student body should be especially careful that someone who will work and give a considerable amount of time to the paper be chosen, because the responsibility is largely upon him—and there is more responsibility than one might suppose at first thought.

Senior Banquet. Knox Tyson Wins First Honors.

After a business meeting of the school board, the Senior Class met the faculty and the trustees at the Palace of Sweets last Thursday evening where the following program was rendered:

Opening address—Dr. A. S. Epperson, toastmaster and president of the school board.

"The Training Camp"—Mr. J. N. Crawford. Mr. E. A. Wallace was to have spoken on this subject, but in his absence, Mr. Crawford consented to do so.

"The Officers,—A tribute to the High School Faculty—Mr. L. J. Epperson, president of the Senior Class.

"The Commander in Chief and his War Board—Miss Harriet Henderson.

"The First Victory—Over the Top"—Miss Ruth A. Rose.

"Those who Fell by the Wayside"—Miss Ada Henderson.

"The Next Trench—College"—Mr. L. H. Kidd.

"Rewards—the Croix de Guerre and the Cross of Honor"—Mrs. Graham Gillis.

Those who spoke extemporaneously were Mr. W. J. Walker. Mr. Knox Tyson and Miss Louise Green.

During the course of the program which every one enjoyed very much, delicious refreshments were served, and the parlor with its decorations was a palace indeed.

Despite the attractiveness of the program, however, all were anxious to know who was to receive the distinguished Croix de Guerre, the highest honor that the Senior Class and the school can bestow upon a member. There was much diversity of opinion as to who our valedictorian would be, and really there was much reason for difference of opinion, because when Mrs. Gillis announced that Knox Tyson had gained first honor, with an average of 94.73, she also said that Miss Louise Green's record was almost as high, her average being 93.52. Thus Miss Green won the Cross of Honor and will act as salutatorian.

We are able to publish the following toasts:

1. The Commander in Chief and His War Council.

It's great fun to be here together
This jolly springtime weather,
And talk and laugh with perfect ease
With teachers and with board of trustees.

And now in behalf of the class
I toast our board enmasse,
For they have laid the foundation
Of our high school education.

So Seniors raise high your glasses
And drink ye, lads and lassies,
To the health, happiness and fortune
Of our board of education.

2. "The First Victory—Over The Top."

"What's all this fuss and stir about?"
Said freshman on the guard.
"Over the top! Over the top!"
The colorless senior said.
"What makes you look so white, so white?"
Said freshman on the guard.
"I'm dreadin' what I've got to pass"
The colorless senior said.

For they're bustin' or they're passin;
They're groanin' every day,
The class's in solid rank—
They're wishin' so to play.
They've taken off their collars,
And their sleeves are rolled away,
For they're passin' history 'leven
In the mornin'.

"What makes that D-Rank breathe so 'ard?"
Said freshman on the guard.
"That English trench, that English trench!"
The colorless senior said.
"What makes that A-Rank man fall down?"
Said freshman on the guard.
"A Kittridge bomb, a Kittridge bomb"
The colorless senior said.

For they're busting or they're passin'
They're groanin' every day.
The class's in solid rank,—
They're wishing so to play.
They'll give a rouse in 'arf a minute
In the regular senior way.
For they're passin' that old German
in the mornin'.

"They're cots are twice removed from mine!"
Said freshman on the guard.
"They aint a sleepin' much tonight,"
The colorless senior said.
"Are they crammin' for the next exam?"
Said freshman on the guard.
"They've got to get that Spanish trench"
The colorless senior said.

For they're bustin' or they're passin'
They're groanin' every day,
The class's in solid rank—
They're wishin so to play.
They'll break in smiles in 'arf a minute,
And be so bright and gay.
For they're passin' Physics 'leven
In the mornin'.

"What's that so black agin the sun?"
Said freshman on the guard.
"It's my class a fightin' hard for life"
The colorless senior said.
"What's that a shinin' overhead?"
Said freshman on the guard.
"Tis a bunch of Cam-Hi diplomas"
The colorless senior said.

"For they're done with Cam-Hi forever,
You can hear the Seniors say.
"The class's in a solid column,
And marchin' far away.
But we'll miss their cherry presence,
As they sit before us today,
For they're over the top in the mornin'
Here to the seniors.

The Graduation Exercises.

The exercises for the high school graduates will be held tomorrow, May 30, at 8:30 p. m. in the high school auditorium. The address will be made by Mr. Bonner Frizzell of the Department of Education at Austin.

Senior Class Day Exercises.

Everyone is invited to attend the class day exercises of the Seniors of '19, which will be held on the high school campus at ten o'clock Thursday morning. The following program is scheduled:

An Illustration of the Class Prophecy.
A Reading of the Class History.
Burial of Miss Ruth English IV.
Burning of History IV.
Selling of ice cream cones and home made candy by the seniors.

After this, the Alumni Association with Mrs. W. O. Triggs acting as chairman will be organized.

Weekly Explosions.

Furthermore we wish to state that the war between the seniors and juniors, which began with the "Minerva Statute" affair, was officially declared at an end when the Juniors consented to do all the decorating for senior commencement.

Someone has said that "Mr. Bob" was the eighth wonder of the world. There must be a ninth, for no one is able to explain how the words, "Seniors of 1919" were painted on the seemingly inaccessible ceiling of the study hall.

Mrs. Solomon has stated that she will not need a vacation during the summer, and wishes to give her services to the next best newspaper in the south. Hence we are sending her to the Dallas News, until the beginning of school next September.

It is our idea that we were somewhat hasty in regard to what we said of the English department last week. The science classes think that some of the explosions should have been used in giving Mr. Crawford's rigid grading system a shake-up.

The Cam-Hi widow has accepted a Junior boys proposal. We will say confidentially however, that we believe that she will be a widow again next year, for all next years senior boys will be dead—to society—when football and school work begins.

Cameron Concert Band.

A forty piece band is being organized to furnish music for the people of Cameron during the aprpoaching summer. There are already thirty-nine members at work on various instruments so we are assured that this organization will be the biggest thing in Cameron. Although the limit was set for forty pieces it will be necessary to increase the number to forty-six, owing to the addition of some instruments that were not at first included.

A large reed section of clarinets and saxaphones will give the band the concert effect and make it entirely different from the little country brass bands. Mr. Crawford says he has been the organizer of a number of high school bands but that the one he is organizing is far eclipsing any he has ever been connected with. He has bright hopes for our band for next year and is most enthusiastic over the prospect for the summer.

The following is the instrumentation at present and with seven more to be added will be the personnal of the band.

Saxaphone section: Messrs L. Green, P. Cross, R. Griffin,

Clarinet section: Raymond Thompson, Lee Howell, Gordon Baskin Charlie Frank Green, Frank Plaster, Ray Casey, Billie Clark, J. A. Walston, Glenn Flynn, Charles Pardo, Jack Hearrell.

Cornet Section: Leland Denson, Lee Tag, Arthur Baskin, Coran Yates, Walter Walker, Robert Mayfield, Robert Gillon, Eber Flynn, Bassett Watson.

Baritones: Will Parma, Dwight Price, Henry Tracy.

Alto: Phillip Reid, Quinn Walker, Ryan Oliver.

Slide Trombones: Messrs Dick Clark, E. Dusek, Bob Joslin, Fred Reno.

Tuba Section: Messrs Tag, Robinette, R. Chambers.

Drums: Robert Young, Walter Henrichensen, Eugene Matula.

The remaining places are to be filled at once. Anyone desiring to learn some musical instrument will have a fine chance by being a member of the Cameron Concert Band.

The Operetta.

The operetta, which was given by the high school boys and girls under the supervision of Misses Brougher, Goddard and Nowlin, was a grand success. Those who took part in its presentation had not been able to practice very much, but all acted their parts almost perfectly. The scene of the play was in Japan, and the action took place in a Japanese flower garden. All the characters were elaborately dressed and music gave force to the entire play. The house was well filled and the audience was highly pleased with the program.

Football For Next Year.

The boys expect to play football next year and elected Terry Wiley captain of the team. The team is now planning to spend a week or more immediately before the beginning of next years school year on a camping trip at the river. There they will get strenuous exercise, training and practice, and will be in condition to begin their career of success when school starts. They hope to gain a record similar to the one which they gained in base ball and there is a great possibility of this hope being realized.

The Baccalaureate Sermon.

Last Saturday the juniors decorated the Methodist church with flowers and with the seniors class colors. And on Sunday morning at eleven o'clock they sang in the choir at the senior commencement sermon. The Senior class wearing uniform caps and gowns marched in a body to seats which had been reserved for them, while their parents and relatives were seated in the center of the main building of the church. The sermon was delivered by Rev. W. R. Hall of Milford, Texas, formerly minister of the First Presbyterian church of this city. It was an excellent sermon and we believe that all the congregation gained a lesson from it, as well as did the graduates, some of whom are making the real commencement of life.

A Summer School.

During the school year there are thirty-six weeks of five days each. This makes a total of 180 school days in the year. Thus there would be 180 periods of forty minutes each. Now, in a summer school that gives a complete course enough time should be given to enable the student to acquire as much training in a given subject as during the regular school year.

Work done in such a manner will not only give deficient students a chance to make the course, but it will afford ambitious students an opportunity to make up an extra credit or two and thus better prepare them for the remaining of their high school work and for university entrance.

If there are sufficient students interested in review work or in advanced study during the summer, classes in science or mathematics might be organized. Seventh grade students might work out first year algebra, or this years high school students could make ninth grade algebra or plane geometry.

Next weeks city papers will contain a definite statement as to what might be expected along the line of summer school.

Jokes.

Monday Baskin stood gazing longingly at the display in a habadasher's window. Frank Plaster stopped to inquire if he were thinking of buying the marked down laundered silk shirt.

"Gosh, no!" replied Monday. "The only thing that fits me ready made is a handkerchief."

Some time ago Miss Goddard was giving a talk on classical mythology. Bessie was not very attentive, and when it came to the questioning part of the game, she was lost in the wilderness.

"Bessie," said the teacher, "Can you tell me who Cyclops was?"

"Yes mam" was the prompt answer. "He was the fellow who wrote the cyclopedia."

Some one said that Homan Barge has been singing the Senior class song too continuously, and faithfully. He seems to have specialized on the part which reads: "And will loyal seniors always be."
